COMPLETE LISTING OF FRUITS AND BERRIES ON PAGES 4 AND 5
A Message of Appreciation to Our Customers

We wish to take this opportunity to thank our many customers for their past business and future patronage, which we assure you has been very much appreciated. Each year we have endeavored to make our catalog just a little better—describing the products in such manner that you may be guided by your selection in the natural manner. To this end we have this year inserted a number of color pages which resemble as nearly as possible the product you may expect upon ordering. In all that we do, we consider the interests of our customers and will deem it a pleasure to have you offer suggestions for the improvement of our next catalog. Should you, in looking thru this catalog, find something not quite clear or see where an improvement could be made, kindly let us know your problem so that we may serve you best. Our business, which has grown from a very humble beginning in 1897 to almost a half million dollars, has done so by giving our customers prompt and efficient service combined with quality products with the utmost in values.

LANG FLORAL & NURSERY CO.
The Southwest's Foremost Florists

Information for Planters

PREPARATION of the Soil: The soil for all fruit, shade trees, roses, vines, hedges and evergreens should be prepared as carefully as that required for a crop of wheat, corn or potatoes. The land should be sufficiently drained to relieve the roots from standing in water and should be a deep bed of rich mellow soil.

PREPARATION of Trees or Other Stock in Shipping: Great care is used in digging and packing our shrubbery with the result that only a few of the smaller roots are lost. If any of the trees should be broken they should be pruned. Cut back the tops to the extent of about one-half the previous season's growth, taking care to prune in such a manner as will develop a well formed head, to give air and light freely. Evergreens, the beauty of which depends on their natural form, should be pruned very little. Great pains should be taken in planting and caring for stock. If not replanted when the stock arrives, "heel in" the plant and pack the roots in a trench and covering them with mellow earth, well packed. Water frequently.

PLANTING: Make the holes large enough to admit the roots without any cramping or bending, and deep enough to set the tree to its proper depth. The fine surface soil should be used to cover the roots, and this should be carefully worked among them. Pour in some water when the hole is partially filled.

OUR TERMS.

Our terms are cash with order. Digging and shipping begins November 15th, and continues until April 1st. Our catalog prices are the lowest we can make and are for stock at yard in Dallas or packed and delivered at express, freight or postoffice.

SHIPPING.

All FRUIT and Shade Trees, Roses, Shrubs, Evergreens and Hardy Vines, Heavy and Hardy Bulbs and Roots should be sent by express. Better and moisture packages can be sent. Small plants can be sent by mail if so desired, but we strongly advise our customers to have their plants sent by express at their expense, as larger and finer plants can be sent in this way.

Remittance may be made at our risk by bank drafts, post office money order, express order or registered letter. Small amounts may be sent by ordinary mail, and postage stamps can always be used to advantage (one and two-cent denominations preferred).

Bulbs for Fall and Winter Planting

SINGLE AND DOUBLE DUTCH HYACINTHS.—This beautiful flowering bulb comes in the following colors: Red, pink, white, yellow, light blue, dark blue. Can be planted in boxes or pots for the home or window blooming or planted in the yard in November, December and January; these bulbs will bloom early in the spring or when soil becomes warm. Fine large bulbs, single or double flowers. 15c each, $1.50 per dozen.

MINIATURE DUTCH HYACINTHS.—While on the order of the Dutch Hyacinth, are of a smaller size with single flowers and come only in pink, white and purple. These bulbs are best for yard planting. By planting early and getting a good root system they give excellent flowers. 10c each, $1.00 per dozen.

CHINESE LILIES.—Early flowering, very fragrant, planted in a bowl with water and pebbles. 20c each, $2.00 per dozen.

CALLA LILIES.—This Lily is strictly a house plant, the foliage making a decorative plant and as this plant blooms three to five times during the winter it is doubly valuable to the lover of plants and flowers. Large bulbs, 50c; medium size, 35c; small size, 20c each.

PAPER WHITE NARCISSUS.—The Narcissus is grown in soil or in water and pebbles. The flowers are borne in clusters on long stems; very fragrant; first flowering bulb to come in bloom. Can be had for Christmas, and by planting a small lot every two to four weeks until March, flowering can be had all winter and spring in the house at a small expense. Large bulbs, 7c each; 75c per dozen; $5.00 per hundred.

YELLOW NARCISSUS.—A very early flowering Narcissus, same as Paper White Narcissus, but more fragrant and does well planted in soil or in a bowl of water and pebbles. Large bulb, 15c each; $1.50 per dozen.

TRUMPET NARCISSUS EMPEROR.—One of the finest Daffodils in cultivation; entire flowers of the richest yellow, trumpet of immense size and the petals of the perianth are so broad they overlap and measure 3 1/4 inches across. 15c each; $1.50 per dozen.

VON SION or DOUBLE JONQUIL.—Very large double yellow flowers. For pot or yard planting. 10c each; $1.00 per dozen.

FREESIA.—The bulb that everybody wants to grow. There are more flowers to this small bulb than to any similar bulb of its size. Flowers creamy white and very fragrant. 5c each; 50c per dozen.

OXALIS, LARGE BUTTERCUP.—This is the large yellow Oxalis used for pot plants, hanging baskets and boxes. 5c each; 50c per dozen.

OXALIS, MIXED.—Red, white and lavender. 4c each; 35c per dozen.

DARWIN TULIPS.—The finest tulip grown, especially valuable for cut flowers, stems 12 to 18 inches long, assorted or separate colors. 10c each; 75c per dozen.

MADERIA VINES.—The Maderia vines are one of the South’s greatest growers and bloomers. The plant is grown from a bulb which starts growing early in the spring and spreads rapidly, covering a large space in a short time. Flowers are borne on long stems and are white and very fragrant. The roots stay out all winter and once planted are always there. Fine bulbs, 10c each.

HARDY MEXICAN MORNING GLORY.—Native of Mexico. The prettiest vine grown. Color lavender pink. This is a hardy vine; it comes up every year. 25c each.

HEDGES—AMOOR RIVER PRIVET, PAGE 10
Hardy Bulbs for Outdoor Planting

GLADIOLI.—This beautiful flower has come to the front to stay; it not only is used in yards by the thousands, but it is grown by florists in greenhouses by the millions and the demand for the beautiful flowers is increasing with every year. Finest mixed. 7c each; 75c per dozen.

Following named varieties, strictly No. 1 bulbs: 10c each; $1.00 per dozen:

America.—A beautiful lavender-pink. The flowers are of largest size and are borne on strong spikes.

Hally.—This is one of the earliest of all Gladioli to come into bloom. The color is a delicate rose.

Mrs. Francis King.—Large blooms of a pleasing light scarlet. It is a strong grower and blooms profusely.

Mrs. Frank Pendleton, Jr.—Large, well-expanded flowers of a lovely salmon-pink, having blood-red blotches in the throat.

Schwaben.—Flowers of a delicate pale yellow with a dark blotch in the center. It is a magnificent grower.

Chicago White.—Lavender markings in throat. Highly recommended.

DAHLIAS.—One of the best summer and autumn flowering plants, and now enjoying a wide popularity. Small roots, 25c each; medium roots, 35c each; your choice of the following named varieties:

Yellow Duke.—Large soft yellow.

Ad Livonia.—Large white.

PEONIES.—Magnificent hardy plants, almost rivalling the rose in perfume, brilliancy of color and perfection of bloom. They are perfectly hardy. Require little or no care, and produce larger and finer blooms when well established. We offer double white, rose and crimson. Price, 50c each. Plant from December 1st to March 1st.

IRIS.—The Iris or Flag is of easy cultivation. They like the sun and thrive best in a rich loam with plenty of moisture.

German (or often called Flags).—Beautiful large flowers, white, yellow and purple. 25c each; $2.50 per dozen.

Mexican or Spanish.—Smaller flowers but beautiful colors and shapes. In beautiful shades of bronze yellow, blue and white. 10c each; 75c per dozen.

Japanese Iris.—Fancy designs. A rival to an orchid. All colors imaginable. Fine bulbs, 35c.

CALADIUMS—Esculentum.—A tropical plant with luxuriant green foliage. The leaves are often more than two feet across and are bright and ornamental the entire season. Will grow in an ordinary garden soil, but should have plenty of water in order to give the best results. Large bulbs, 35c each; 1st size, 20c each.

Fancy Leaved.—These delight in a place sandy and moist. They should be started into growth about March, dried off in October and kept in a warm and dry place until spring again. Plants, 75c to $2.00 each. Dry bulbs, 35c and 50c each.

CANNAS.—The most desirable bedding plant for the American garden. Give rich soil and abundance of water when the plants are in full bloom. Fine roots ready December 1st to May 1st. If wanted by mail, add 15c per dozen.

Rosea Gigantea.—Extra large flowers, borne in such abundance that the mass of color on each plant is truly amazing; a deep, rich rose, almost a coral-carmine; 4 to 5 feet. 20c each; $2.00 per dozen.

Mrs. Alfred F. Conrad.—4 feet. Exquisite salmon pink flowers of the largest size, produced in five to six spikes well above the green foliage. 20c each; $2.00 per dozen.

Eureka.—The best white for all purposes to which canna are devoted. It is of robust constitution, growing four feet high, forming sturdy, shapey plants very quickly. A creamy-white, changing in full sun to a pure white. 35c each; $3.50 per dozen.

City of Portland.—A wonderful bright rosy-pink, much deeper in color than Mrs. Alfred Conrad or Hungarian; a free-flowering, vigorous grower. 25c each; $2.50 per dozen.

Golden Eagle.—A wonderful clear golden-yellow of free, upright growth. The flowers are produced in large clusters well above the foliage; 4 feet. 35c each; $3.50 per dozen.

Alphonse Bouvier.—Bright crimson, flower-spikes, two or three to a stalk; very large and full, all blooming together. 10c each; $1.00 per dozen.

Florence Vaughan.—The finest yellow-spotted Canna. Flowers very large, brilliant yellow, spotted with bright red; a strong grower and free-bloomer. 10c each; $1.00 per dozen.

ITALIA (Orchid Flowered).—Bright, orange-scarlet, with a very broad golden-yellow border. The flowers, which are produced on massive stems about 16 inches long, are set well above large, heavy green foliage. 10c each; $1.00 per dozen.

The King of all Cannas—King Humbert.—4 to 5 feet. (New Italian Orchid-Flowering.) Bronze foliage. In this grand Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flowers are of a brilliant orange scarlet, with bright red markings. It is without doubt unsurpassed in the Canna family. 15c each; $1.50 per dozen.

The President.—The greatest red Canna, possessing every desirable quality. Of immense size, unsurpassed in vigor, penetrating color, a free bloomer. 4 feet. 20c each; $2.00 per dozen.

LILIUM CANDIDUM (Annunciation or Madonna Lily).—This is one of the most popular of garden Lilies. The flowers are pure snow-white and very fragrant, borne on long stems. Flowers May and June. 25c each.

TUBEROSE, MEXICAN.—This is something new and very fine; blooms the whole summer and is very fragrant; get at least a few for trial. 10c each; $1.00 per dozen. Plant from November 1st to April 1st.

NEW TUBEROSES—DOUBLE PEARL.—10c each; $1.00 per dozen.

CRINUMS—Fimbriatum.—Also called Angel Lily and Milk and Wine Lily. In this flower the pure white flower with a streak of pink down the center of each petal. It is delightfully fragrant and blooms all summer. Large bulbs, 35c each.

Tiger Lily).—Of stately habit, growing from four to six feet high, bearing an immense number of double, bright orange-red flowers spotted with black. 30c each; three for $1.

AMARYLLIS—AMARYLLIS JOHNSONI.—The only red Lily grown that is any good; fine bulbs of these at 50c each.
Fruit Department

PEACHES

Peaches are among the most desirable fruits, and the peaches of Texas are famous. Many new, rare and prolific varieties are discovered every year. All classes and all varieties are adapted to most parts of Texas. Early varieties ripen in May and June, while others ripen continuously until October.

Extra large, 2-year, 3 to 7 feet

ARP BEAUTY.—Medium oblong, yellow with blushed tints; flesh yellowish; freestone. June 1st to 15th. A variety of Texas origin.

CHANCE’s ELBERTA.—Large, somewhat clear, cream-colored; flesh yellowish; freestone. July 1st to 15th.

KIEFFER.—Large, yellow with red checks; meat yellow; good shipper, splendid for preserving; freestone. July.

MAYFLOWER (Semi-Cling).—The earliest, about July 20th, red all over, firm, of good size and shape; good quality for an early peach; Hardy; productive; bears young. See inside front cover.

OLD MIXON CLING.—Large, round, red cheek, sweet, firm; valuable. Ripe July 20.

GOVERNOR HOGG.—A large yellow clingstone; Texas introduction. A very valuable peach for family use. Ripe July 20 to 25.

CHINESE CLING.—Very large, red cheek, white flesh, juicy. Ripe July 25th.

INDIAN BLOOD.—It is the large, blood-red, juicy, clingstone peach we used to know when we were boys. Everybody that ever knew it wants a few trees, and so we are glad to be able to offer such a general favorite once more.

LATE ELBERTA.—A fine peach of Elberta type; perhaps a month later.

These are some of the standard. We have many more varieties in stock.

TRANSCENDENT CRAB.—Tree strong grower, making a large and beautiful tree. An early and abundant bearer. Perhaps the most valuable of this class. Fruit large, round, yellow, shaded with red, are valuable for preserving and cooking and said to be one of the best for cider. September.

RED SIBERIAN.—One of the largest crab apples. Grows in clusters; yellow with dark scarlet cheek. Bears young and abundantly. September.

PEARS

Our Pears are grown on Imported French stock. Our trees are healthy and free from disease.

This fruit is growing in popularity since many new hardy and prolific varieties are being introduced. In habit of growth and requirements the pear is similar to the apple. The trees require a rich soil, underlaid with deep, moist clay. The fruit should be gathered before it is fully ripe and stored in a cool, dark place to ripen properly.

First grade 2-year, 6 to 7 feet

GARBET (Oriental Hybrid).—Large, of good quality; very vigorous, hardy and prolific; is growing very popular.

KIEFFER.—Large, yellow, red cheek, oval; flesh white and juicy; valuable for preserves, also for eating when ripened in boxes; tree large, productive and hardy. Most valuable of all pears for southwestern districts.

SECKEL.—Tree a moderate grower and less subject to blight than most varieties. Fruit small, rich, yellowish-brown and red; rich, fine-flavored. August. See inside front cover.

BLACKBERRIES AND DEWBERRIES

The blackberry, like the grape and plum, is native to the soil and will grow anywhere. It is one of the most reliable, wholesome and valuable of all fruits. By planting early and late varieties, a continuous supply can be enjoyed six or eight weeks each season.

You will notice we do not quote berries in lots of less than twenty-five plants of a variety. They are tied in bunches of twenty-five in the fields and cannot be broken. Any purchaser needs as many as twenty-five of a variety.

DALLAS, McDONALD, AUSTIN

DALLAS.—Large, round, of good quality; vigorous, hardy, prolific. Earliest, hardest, most vigorous and most productive of all berries here. This is a new berry, a cross between the blackberry and dewberry. It is incomparably more productive than any berry fruited here. Should be planted with other blackberries, as they do not set a full crop of fruit by themselves.

HIMALAYA BERRY.—It is an exceedingly strong grower and free bearer, especially when planted with McDonald or Dallas. Fruit is of medium size and fine flavored. Strong plants, 25c each; $2.50 per dozen.

AUSTIN DEWBERRY.—Very large, sub-acid; hardy, vigorous, very productive. Plant is an erect, strong grower, rather than a trailer.

STRAWBERRIES

KLONDIKE.—Large, early, best berry for the South and coast country.

LADY THOMPSON.—Large, good color, uniform, hardy, valuable. Stamine.

</table>

NIAGARA.—A fine large whitish-green grape; good bearer and fine table grape.

CATAWBA.—Red; table and wine.

CONCORD.—Large, blue-black; standard commercial sort. North. See inside front cover for illustration.

DELAWARE.—Small, red, tender, very sweet and delicious; hardy and productive.

HERBEMONT.—Berry small, dark blue, tender; bunch large; vigorous, hardy, productive, extensive and deservedly popular; makes good vines; late; fine arbor grape.

MOORE’S DIAMOND.—Finest white. A fine arbor grape.

MOORE’S EARLY.—Large, black with blue bloom; valuable for earliness.

PLUMS

This is the most universal, most easily grown and most useful of all our fruits. The trees are hardy, vigorous and prolific. Some of the late blooming varieties never fail to bear in a location adapted to their growth.

SEASON OF RIPENING.—Varieties in the following list will supply best fruit in about the order named. This list will extend from May to September:

<table>

CHERRIES

Only a few varieties of cherries have been found valuable in the South. These trees appear to do best in dry yards, or other uncultivated grounds.

EARLY RICHMOND.—Early, dark red, sub-acid; most prolific and hardy of all varieties tested here. $1.00 each. See inside front cover.

NEW CENTURY.—This new cherry seems to be a cross between Morella and the sweet cherry; early, large, light red, with good flavor. It is a strong grower, with healthy, vigorous foliage, and for a number of years has borne better in Gwinson County, Texas, where it originated, than any other variety. $1.00 each.

JAPAN PERSIMMONS

This royal fruit from Japan is deservedly popular, most beautiful in foliage and the most delicious of all fruit. It gains in the estimation of people everywhere when they learn its value. We offer best obtainable varieties, grafted on native stocks, as follows:

<table>
<thead>
<tr>
<th>Variety</th>
<th>Size</th>
<th>Color</th>

PECANS

Grafted Pecan Trees Give Most Reliably Good Results

Wonderful progress is being made in the improvement or selection of pecans. Fine qualities once secured are maintained with absolute certainty by grafting or budding from these fine trees on seedling stocks. Orichards thus selected and started are an unfailing source of greatest profit and gratification. We have a good stock of the following finest varieties: Stewart, Brocher, Van Deman, Success.

Prices of budded and grafted Pecans:

A House is only a Home when surrounded by flowering shrubs, trees and evergreens.

LET US SHOW YOU HOW.
Ornamental and Flowering Shrubs

TO MAKE THE HOME BEAUTIFUL

ALTHEA or ROSE OF SHARON.—One of the hardiest shrubs grown, and for single specimens or grouping there is no plant that will give you better results. We grow them in great quantities and can give you plants in assorted colors, white, pink, purple, variegated. We also handle in double or single flowering. The plants bloom from early summer until autumn. 50c, 75c and $1.00 each.

See back cover page for full color illustration.

Buddleja variabilis.—A shrub not so well known but which stands the heat and drought of summer remarkably well. A strong grower, often attaining a height of 6 to 8 feet. Foliage dark green and very heavy. Throughout the entire summer flowers of violet-purple with orange throat, very fragrant, are borne in long plumes. 50c and 75c each.

See inside back cover page for full color illustration.

Bush honeysuckle (Red Tartarian).—A large growing shrub with upright and spreading branches. Foliage bright green, flowers borne freely during May or June, followed by red berries, which cling to the branches for several weeks. A vigorous grower and of easy cultivation.

See back cover page for full color illustration. We can also furnish this shrub in a beautiful shell-pink, very fragrant. 50c and 75c each.

Crepe myrtle.—Few people realize the satisfaction from a planting of Crepe Myrtle. When other plants refuse to bloom you can always find the Crepe Myrtle loaded with a mass of flowers. We grow in quantity the pink, white and red, which is especially attractive for hedging or grouping. 75c and $1.00 each.

White crepe myrtle.—$1.00 each.

Chaste tree.—A valuable small tree with sage-like foliage; especially attractive because of its pale lilac flowers, which are produced in long spikes and which last a long time. Will grow where ordinary shrubs fail. 75c and $1.00 each.

Deutzia.—An upright, thifty shrub, with a profusion of delicately beautiful white and pink flowers in spring. 50c and 75c each.

See back cover page for full color illustration.

Flowering almond.—Beautiful blooms set upon branches in early spring. White and pink. 75c and $1.00 each.

Flowering peach.—A small bush with foliage similar to the peach tree, but the limbs are covered with dainty flowers similar to miniature roses. White and red. $1.00 each.

Flowering willow.—One of the most useful of yard shrubs; flowers all summer; grows to a height of 10 feet. 50c and 75c each.

Forsythia (Golden Bell).—Highly ornamental early spring flowering shrub. Foliage deep green, flowers appearing before foliage is produced. See back cover page for full color illustration. 50c and 75c each.

Forsythia Anthony waterer.—Beautiful low-growing, bushy, profuse blooming plant; color beautiful rose shade. 75c and $1.00 each.

See back cover page for full color illustration.

Forsythia Billardii.—One of the best pink flowering shrubs, fast grower, profuse bloomer; fine for beds; grows 4 to 5 feet. 75c and $1.00 each.

Forsythia (Chinese Blue).—A shrub of moderate compact growth with gray downy leaves. Flowers bright blue, small, but in large clusters on axils of leaves; bloom all through the summer. Very valuable for its unusual color and long flowering period. 50c and 75c each.

Forsythia (Van Houttii).—A beautiful shrub, with large panicles of elegant white flowers in spring. 35c, 50c and 75c each. Balled specimen plants, $1.00 to $2.00.

See back cover page for full color illustration.

Salvia hardy.—A beautiful shrub of recent introduction; flowers a beautiful red, very hardy and flowers from early spring until frost kills the flowers; the leaves stay green with it. This shrub can be planted in any kind of soil and will stand more drought than any plant we grow. 50c and 75c each.

Tamarix (Hispida).—Tall, graceful, with juniper-like foliage and dense profall of delicate pink flowers; blooms the entire season. A handsome shrub at all seasons. 75c and $1.00 each.

See inside back cover page for full color illustration.

Weigelia.—Elegant, with fine rose-colored flowers, hardy, and blooms when quite small. One of the most popular and satisfactory shrubs. 50c and 75c each.

Specimen plants in above shrubs for landscaping, $1.50 to $5.00 each.

See back cover page for full color illustration.

Hydrangea (P. G.).—A hardy shrub, producing immense flowerheads of white and rose early in the summer. 50c and 75c each.

See back cover page for full color illustration.

Japanese quince (Codiaeum japonicum).—A beautiful shrub for training to bloom. They produce immense clusters and bright red bell-shaped flowers before a leaf shows on the plant. 50c and 75c each.

Lilac (Both White and Purple).—An upright, attractive shrub, specially admired for its profusion of blue and purple fragrant flowers in early spring. A favorite in all sections. 50c and 75c each.

See back cover page for full color illustration. Also inside back cover page.

Lespedeza bicolor.—Of strong, shrubby growth; very attractive because of its dark reddish-purple flowers. A hardy shrub which will stand the heat and drought of summer. Desirable because of its bright attractive coloring. 50c each.

Mexican yucca.—A beautiful plant for old-fashioned gardens or shrubbery beds. Hardy and fine grower. Grows in any soil. Specimen plants, 50c and $1.00.

Philadelphia or Mock orange.—Upright growing, covered with large white fragrant flowers in spring. 50c and 75c each.

See back cover page for full color illustration.

Poinciana (Bird of Paradise).—This is truly a shrub for the Southwest for it will thrive in any kind of soil and blooms throughout the entire summer. Foliage finely cut; face-like; flowers peacock, yellow with long red stamens. 75c and $1.00 each.

Purple leaf plum (Prunus pissardii).—Purple foliage. Double flowers cover the tree before any leaves are out. 75c and $1.00 each.

Snowball.—Well-known; the large globes of pure white flowers appear in the spring. 50c and 75c each.

See back cover page for full color illustration.

Full color illustrations of select shrubs on back cover.
Shade Trees

ADAPTED TO THE SOUTHWEST

AMERICAN ELM.—The Long Leaf American Elm is perhaps one of the largest growing, giving more spread than any other shade-tree grown, outside of the few native trees in other parts of the country; it is of long life and easy culture. 8-10 ft., $1.50; 10-12 ft., $2.50.

SYCAMORE.—Large, stately, symmetrical, hardy; long-lived; has beautiful white branches and large green leaves. One of the best shade trees everywhere. Our stock cannot be excelled. 8-10 ft., $1.50; 10-12 ft., $2.50.

HACKBERRY.—The tree for the South; long life. 8-10 ft., $2.00; 10-12 ft., $3.50.

UMBRELLA TREE (China or Texas Umbrella).—A rapid grower, with luxuriant, deep green foliage, forming a beautiful canopy top enduring perfectly till severe frost. 6-foot trees only. $1.25.

LOMBARDY POPLAR.—A very pretty upright growing ornamental tree used for ornament and not for shade. 6-8 ft., $1.00; 8-10 ft., $1.50; 10-14 ft., $2.50 and $3.00. See page 10 for color photograph.

WILLOW (American Weeping).—A large, rapid grower, of graceful weeping habit, showing greatest beauty in moist locations. 6 to 8 ft., $2.00 each.

CATALPA BUNGEL.—A beautiful umbrella-topped tree, very distinct and striking as well as hardy. Fine for driveways or specimen plants. We bud on a six to seven foot stem. 2-year heads, $3.00 each; $3.00 per dozen.

TEAS’ WEEPING MULBERRY.—A very novel, attractive tree with the limbs naturally weeping to the ground. We graft to six and eight foot stems. This gives a nice height for either single specimen or park rows. 2-year heads, $3.00 each; large specimens, $4.00 and $5.00 each.

MULBERRIES

The Mulberry is a natural growth of the South. It is a beautiful shade tree and furnishes a pleasant fruit for many weeks. Pig and poultry raisers find it a profitable tree. We offer a choice selection of the best varieties.

BLACK ENGLISH.—Very prolific and earlier than the Hicks, 5 to 8 ft., $1.00 each.

HICKS’ EVERBEARING.—Tree large, vigorous, hardy, very productive, bearing large quantities of fruit during eight or ten weeks. $1.00 each.

Hardy Perennial Plants

RUBBECKIA or GOLDEN GLOW.—There are no better plants—in the Shrub Beds or in a Border, as some of them will bloom from May until frost. Large plants that will bloom the first year, 25c each; $2.50 per dozen.

COREOPSIS.—The perfect strain of a long popular hardy plant. Flowers are rich golden yellow, borne in great profusion nearly the entire summer. 15c each; $1.50 per dozen.

DAISY, SHASTA.—The largest and perfectly hardy daisy grown; of spreading habit, a small plant will spread and produce ten to twenty-five blooms the first year and can be separated and make twenty-five plants the next season. Well shaped plants, 15c each; $1.50 per dozen.

GAILLARDIA (Blanket Flower).—Makes one of the most gorgeous and prodigal displays of all perennials. Flowers often measure three inches in diameter, on clean, two-foot stems. A hard center of deep maroon is thickly bordered by petals of orange and yellow, rimmed by circles of crimson, red and maroon. Poor soil will do, and a constant show is assured from June till frost. 15c each; $1.50 per dozen.

HOLLYHOCKS.—Time-honored, stately, majestic hardy plants, which are a necessary part of every old-fashioned garden, and should also find a place interspersed with shrubbery, as clumps on the lawn or in the mixed border, where their colossal spikes of bloom produce bold and showy effects, which cannot be secured with any other flowering plant. We offer these in the following colors: Double, white, pink, yellow and red. 25c each; $2.50 per dozen.

HIBISCUS (Hardy).—A desirable, showy plant, succeeding in any sunny position. Grows 3 to 4 feet high, large foliage and great showy single flowers of delicate colorings. Colors: White with crimson eye, pink, red. 35c each. Stronger roots, 50c each.

PHLOX.—A hardy flowering, low growing plant with very pretty bright colored flowers by the hundred; blooms early and all summer. Named varieties: Miss Lingard.—Best pure white. Professor Virchow.—Bright carmine. Rynstone.—Effective carmine-rose. Lavender Queen.—Lavender, strong grower, free bloomer. Fine Plants, 25c each; $2.50 per dozen.

See inside back cover page for full color illustration.

PINKS (Hardy).—We have a fine assortment of these beautiful hardy flowering Sweet Pinks in assorted colors at 15c each; $1.50 per dozen.

TRITOMA or FIRE POKER.—Beautiful for yard planting or in shrub beds. Strong clumps, 35c each.

SWEET WILLIAMS.—All colors and shades. 1-year old plants, 15c each; 2-year old plants, 25c each; $2.50 per dozen.

ROSES FOR THE SOUTHWEST, COMPLETE LISTING, PAGES 28 TO 31
These two drawings illustrate how you can beautify a lot or home with a few or many shrubs, using every foot of space for something useful and ornamental.

**A PEN-AND-INK LANDSCAPE SKETCH**

The above sketch is of a medium size lot and may assist you in planning your new home. This lot is about the average city lot, ranging from 50x150 to 75x150. We illustrate here to a slight extent what can be done on a lot of this size. Note the artistic drives, walks, garage, or servants' house, the orchard, old-fashion garden, sunken or rose garden. Shrubs as found listed in this catalog can be used very profitably in beautifying your home.

**LANDSCAPE SERVICE**

Our practical landscape service assures the correct grouping and arrangement of plants and shrubs that will grow and thrive in this climate. We will deem it a pleasure to have you call our landscape department and arrange for an interview at your convenience. For our out-of-town patrons who cannot visit Dallas we will assist them as far as possible if they will mail us a lay-out of their yard, giving measurement and size, location of buildings, walks, permanent trees, fixtures, etc. Where it is necessary to draw plans a nominal charge of $5.00 is made, but is credited on purchase of nursery stock when same amounts to $25.00 or over. The advice, however, of our landscape department is free and always at your service.

WRITE FOR OUR SPECIAL FOLDER ON GARDEN FURNITURE
Catalpa Bungei is the name of the two beautiful trees on the parkway. For price, see page 7.

THE HOME BEAUTIFUL

Just to give you an idea how a cottage can be beautified at a very nominal cost, we included the above illustration showing the correct corner planting, which consists of a background of evergreens that stay green the year round. You will also note the flowering shrubs which can be used as a border. Low growing evergreens, dwarf flowering shrubs, hardy perennials, bulbs, violets or pansies are very effective. The lawn can be either encircled with a hedge or left open.

ITALIAN CYPRESS

Below we show Italian Cypress (tall plants) used mostly in corners, also next to entrances to colonial or Italian designed homes. The Italian Cypress are some of the most favorite evergreens to be had and are generally sold by height at $1.50 to $2.00 per foot, according to shape and fullness.

BOXWOOD

The low balled shrubs at the bottom are ball shaped boxwoods which are very ornamental and used on buttresses as illustrated in above cottage or on porches, sun parlor lawns and at cemeteries. These shrubs are sold according to diameter of plant or height where pyramidal shapes are wanted. Prices range from $2.50, $5.00, $7.50 to $10.00 each.
THE above picture illustrates the correct landscaping of a large home with spacious grounds. Our landscape architects, who are probably the finest in the South, will be glad to offer their suggestions on your landscape problems whether it be an elaborate home grounds, a park, real estate addition, country club or University grounds. We gladly offer estimates for which there is no charge.

CEDRUS DEODORA

THE Cedrus Deodora (at left) is one of the most beautiful evergreens grown in our Southland and is especially adapted to this climate. These beautiful evergreens can be used for the small home or the most elaborate mansion. Beautiful trees balled in soil may be purchased from $5.00, $7.50, $10.00, $12.50 up to $50.00 to $75.00 each.

AMOOR RIVER PRIVET HEDGE

ILLUSTRATION Number 1 shows an Amoor River Privet Hedge trimmed to a formal shape while Number 2 shows the hedge in its natural growth. We are making a specialty of these beautiful hedge plants and are offering them at the low price of 8, 15, 25, 35 and 50c per plant in quantities. Also see prices listed under ornamental evergreens on page 14. These low prices are only made possible by growing them in quantities of a half million plants. Number 3 in illustration shows the very ornamental Lombardy Poplars which may be purchased from $1.50, $2.00, $3.00 and $5.00 each, according to size.
A BUSINESS HOUSE MADE AS ATTRACTIVE AS A HOME

THE above view illustrates a business house on a residence street made very attractive with a simple planting of hedge plants and a beautiful fountain of Granite "Artcrete" ware.

Scene At Our Greenhouses

THE photograph on the left shows a small corner of lawn at our greenhouses, with background of Cedars, Italian Cypress and Cedrus Deodora. Notice the fine setting of lawn furniture—"Artcrete" benches, gazing globes, bird baths, fountains and lawn vases, all described on pages 26 and 27.

Six Blue Ribbons for our display of flowers at the Texas State Fair. Drew thousands of visitors.

DID YOU SEE IT?

GOLD MEDALS
HIGHEST AWARDS for LANDSCAPE DESIGNING

THESE medals have been secured in competition with a number of the ablest landscape architects of America at one of the largest exhibitions of Landscape Art. Our Landscape Architect, who received his Diploma in Europe studying the English, French and Spanish types of Landscape Architecture, personally supervises the designing and planting of your home grounds.

A pledge to our friends that only the best adaptable flowers will be suggested which will bring out the greatest harmony in beauty.

We pride ourselves to be in a position to offer to the public a service in Landscape Gardening of inestimable value.

Read carefully on Page 8 how to secure a plan of your home grounds free of charge.

Our immense productions of trees and flowers enables us to make such wonderful values.

Otto Lang
President.

GROUND PLANS AND PLANTING SUGGESTIONS, PAGE 8
THE ABOVE beautiful home has a background of Amurensia (Amoor River Privet) with Abelia Grandiflora border (illustrated in full colors on front cover plate) with a handsome Wisteria Vine over the front porch. A little touch of green foliage, a flowering shrub, converts a house into a home beautiful. Remember, too, that we are growers of the plants, shrubs and trees we offer, and all you need to do is set them out, or have us do it for you, and give them a little care.

WE ARE illustrating below a sun-parlor with Vines and Abelia Grandiflora planted in massed group effects with Chinese Arborvitae setting. All these plants and shrubs are listed in this catalog and will make wonderful additions to any cottage or mansion. They can all be had in large or small plants. It is not necessary to buy the large or expensive plants, the small plants will give the same effect if given time to grow, and a little careful attention.

OUR Landscape Department will be glad to assist you in designing or helping you to plan the beautification of your home grounds. Proper Landscaping with shrubs accustomed to this climate will not only prove an investment but return your money manyfold in the beauty and happiness it will bring. At Lang's you will always find one of the best landscapers in the South who is at your disposal. To increase the beauty of natural surroundings for your home—to help you find the fullest measure of pleasure in your gardens and your grounds, to plan with you and work with you and enjoy with you the rewards of our mutual efforts, that is the spirit of our service.

PLAN YOUR GARDEN AS YOU WOULD PLAN YOUR HOME. IN BOTH CASES IT TAKES AN ARCHITECT—LET US HELP YOU.
GROUP PLANTING OF CREEPING CEDAR
(Foreground) AND JUNIPERUS VIRGINIANA
GLAUCA (Background)

PFITZERIANA JUNIPER
(Creeping Cedar)

THIS low growing cedar spreads flat over your lawn—a
cedar type requires very little water and is perfectly hardy.
Stands our summers and winters. It grows several times
wider than its height and is the most wonderful shrub for
border or corner planting where it can be allowed to spread
4 to 6 feet as it does not grow over 2 feet high, often not more
than 15 to 18 inches.
The growers have not been able to supply 50% of the de-
mand for this remarkable cedar. Therefore, if you desire these
plants it would be wise to order as early as possible. Nice
strong plants are priced at $1.50 and $2.50; large speci-
mens $5.00, $7.50 and $10.00. All these plants come balled
in earth.

JUNIPERUS VIRGINIANA GLAUCA

The tall cedars in the background are especially valuable
for large yards, parks, cemeteries and for specimen plant-
ings as shown on the right. Very graceful and beautiful.
These are also balled in earth and are priced at $7.50,
$10.00, $15.00 up to $25.00 each.

Did you ever realize how much cheer-
fulness a pretty, well-arranged yard im-
presses a man woman and child?
That it raises voluntarily the standard
of living?
That it makes the mind pure and has
an uplifting influence — also makes
friends and helps the community you
live in?
Decorating a yard with pretty foliage
and flowers and to make it restful is
never easy. A saying goes—“That two
heads are better than one.” So if you will
write to us, our Landscape Department
will be glad to help you with sugges-
tive ideas. Let us hear from you today.

Specimen Planting of Creeping Cedar and Juniperus
Virginiana Glauc at right

ORNAMENTAL SHRUBS IN COLORS ON BACK COVER PAGE
Ornamental Evergreens and Hedge Plants

**BOXWOOD.**—2-inch pots, 15c; 3-inch pots, 25c; 4-inch pots, 50c; 5-inch pots, 75c and $1.00 each. Large field-grown plants, $2.00 to $10.00 each.

For Globe and Pyramidal Boxwood, see page 6.

**LIGUSTRUM JAP.**—2 to 3 feet, 50c each; 3 to 4 feet, 75c, and 4 to 5 feet, $1.50 each.

**SILVER LEAF EUONYMUS.**—8 to 12 inches high, 35c each; 12 to 18 inches high, 50c and 75c each.

**EUONYMUS JAP.**—10 to 12 inches, 25c; 12 to 18 inches, 50c; 18 to 24 inches, 75c to $1.00 each; large, bushy plants, $1.00 to $3.00 each. See photograph on page 6.

**LIGUSTRUM LUCIDUM.**—10 to 12 inches high, 50c; 12 to 18 inches high, 75c to $1.00; 18 to 24 inches high, $1.50 to $2.00 each.

**CALIFORNIA PRIVET.**—12 to 18 inches high, 10c; $1.00 per dozen, $6.00 per 100; 1½ to 2 feet high, 15c; $1.50 per dozen; $8.00 per 100; 2 to 3 feet high, 20c; $2.00 per dozen; $15.00 per 100.

See back cover for full color illustration.

**EUONYMUS SIEBOLDII.**—10 to 12 inches, 50c each.

**GOLDEN EUONYMUS.**—10 to 12 inches high, 50c each.

**AMOOR RIVER PRIVET (South).**—12 to 18 inches high, 10c, $1.25 per dozen, $8.00 per 100; 18 to 24 inches, bushy, 25c each, $2.50 per dozen, $15.00 per 100; 2 to 3 feet, 35c each, $3.50 per dozen, $25.00 per 100; 3 to 4 feet and up, 50c and 75c each, $4.00 to $6.00 per dozen, $30.00 to $50.00 per 100. This is beautiful bushy stock and the best hedge plant grown.

See back cover for full color illustration; also photograph on page 6.

**ROSEDALE HYBRID ARBORVITAE.**—10 to 12 inches high, 50c each; 12 to 18 inches, 75c each; 18 to 24 inches, $1.50 each; 24 to 30 inches, $2.00 each.

**ARIZONA BLUE CYPRUS.**—12 to 18 inches, $1.50 each; 18 to 24 inches, $2.00 each; 24 to 30 inches, $2.50 each; 30 inches and over, $1.00 per foot in height. Large plants must be balled in earth.

**CHINESE ARBORVITAE COMPACTA.**—10 to 12 inches high, 50c each; 12 to 18 inches, 75c each; 18 to 24 inches, $1.00 each; large plants, $2.00 to $5.00 each.

**CHINESE GOLDEN ARBORVITAE.**—Small, erect; compact foliage; tinted with gold. $1.50, $2.50 and $5.00 each.

**BERCKMAN’S GOLDEN DWARF ARBORVITAE.**—$2.50 to $10.00 each.

**DEODORA CEDRUS.**—A grand, stately tree which grows to a height of 50 to 65 feet; the great Cedar of the Himalayan Mountains; glaucous pea-green, branches, horizontal and spreading. This is by far the most attractive evergreen for southern growth. $2.00 per foot. Large plants. Refer to page 10 for photograph in full color.

**CAPE JASMINE.**—One of the most popular southern shrubs; flowers are most beautiful and very fragrant, white buds, leaves are dark green and glossy. Pot plants, 25c each; field-grown plants, 50c, 75c and $1.00 each.

**MAGNOLIA GRANDIFLORA.**—Tree has large, heavy, bright green foliage and immense white flowers of great beauty and fragrance; it is native to southern Texas. 2 to 3 feet, $1.50; 3 to 4 feet, $2.50 to $5.00; large specimen plants, balled, $7.50, $10.00 and $15.00.

**AMERICAN ARBORVITAE.**—This is the fastest growing and most ornamental evergreen grown; it is used best as a lawn decoration; can be trimmed in any shape; not compact in growth but the loose, graceful kind. 50c, $1.00 and $2.00.

**ABELIA GRANDIFLORA.**

A SEMI-DWARF evergreen shrub, with beautiful bright shining green leaves which assume a metallic hue in fall and winter. Bears a profusion of flowers borne in clusters. Flowers small trumpet-shaped, tinted outside a light lavender pink, with a waxy white within. Has a sweet fragrance and blooms from early summer until frost. Beautiful as a single plant or as a mass planting. It is the very finest blooming plant to border flower beds and can not be surpassed as a hedge plant. Bushy plants, 35c, 50c, 75c, $1.00 each. Specimen plants, bushy and large, balled in soil, $1.50, $2.50 and $3.50 each. See front cover page for full color illustration. We can not recommend this shrub too highly.

OUR LANDSCAPE DEPARTMENT IS MAINTAINED TO HELP YOU, PAGES 8 TO 14, INCLUSIVE
**Lang's Field Seed Department**

**PRICES ON FIELD SEEDS**

Up to and including 2 pounds all prices are prepaid; over 2 pounds to go by express or freight at purchaser's expense, unless otherwise stated.

While we exercise all care to have all seeds pure and reliable we give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any seeds, bulbous materials we send out and will not be responsible for the crop. If the purchaser does not accept these goods on these terms they are at once to be returned to us and we will give our best satisfaction. Crops are dependent on so many other things besides seed that it is impossible for us to give any guarantee.

**NON-WARRANTY CLAUSE.**

**ALFALFA**

MEDICAGO-SATIVA.—As a rule good good ground is good ground for alfalfa. It can in most cases be grown profitably on any land on which it is successfully grown to a maturity. Price, 60c per pound; 10 lbs., $5.00.

**CLOVER**

SWEET CLOVER (White Blossom).—Sweet Clover meets the approval of most every farmer who has given it a trial, as a valuable pasture and soil restorer. For sheep, cattle and horses it is hard to equal and its blossoms will give more honey when used for bees than any other Clover. 50 lbs., $4.50; 100 lbs., $8.00; 200 lbs., $15.00; 1,000 lbs., $75.00.

BURR CLOVER IN THE BURR.—Lb., 20c; 10 lbs., $1.75.

RED CLOVER.—Lb., 75c.

WHITE DUTCH CLOVER.—Lb., $1.00.

ALSIKE CLOVER.—Lb., 85c; 10 lbs., $6.00.

JAPAN CLOVER.—Lb., 90c; 10 lbs., $7.50.

CRIMSON CLOVER.—Lb., 35c; 10 lbs., $2.50.

**BROOM CORN**

IMPROVED EVERGREEN.—Grows about 8 to 10 feet high. Stands up well and is entirely free from crooked stock. Lb., 25c.

DWARF.—Grows 4 to 5 feet high and makes straw of finest quality. Lb., 25c.

**CANE SEED**

AMBER CANE.—Grown mostly for hay. Lb., 25c.

EARLY ORANGE CANE.—Grown for hay and molasses. 25c lb.

RED TOP or SUMAC.—Grown for hay and molasses. 20c lb.

TEKSAS SEEDED RIBBON CANE (Gooseeneck).—This is one of the best of the large varieties of Sorghums, resembling very much, as the name implies, the Ribbon Cane. 30c per pound.

**COTTON SEED**

If you are in the market for any quantity we would be glad to submit samples and quote you prices.

MEBANE'S TRIUMPH BIG BOLL.—One of the best early cottons; heavy yielder. Write for prices.

ROWDEN FANCY BIG BOLL.—Heavy yielder, practically storm-proof and one of the best cottons for North and East Texas. Write for prices.

LONE STAR COTTON.—This cotton is of medium height with one to four limbs and many long branches. The stalk is long, measuring from one to one and one-eighth inches, very strong and uniform length. Lone Star cotton usually brings a premium in price over most other varieties. Write for prices.

**WHEAT**

BLUE STEM MEDITERRANEAN WHEAT.—A variety that has been greatly favored by many southern growers for years. 20c per lb.; 10 lbs., $1.75; peck, 75c; bu., $2.75.

MIRACLE WHEAT.—This wheat has been thoroughly tested the last few years and has proved a great success in North Texas. It is a pure soft bearded wheat, has a large plump berry and does not shatter like Mediterranean. 20c per lb.; peck, 75c; bu., $2.75.

NICARAGUA or MACARONI WHEAT.—This is a hard wheat which is yearly growing more popular in Texas. It is the only wheat we have which will succeed well planted in the spring. It is the best wheat known for making macaroni. 20c per lb.

**LANG'S SEED CORN**

GROWN FOR SEED, SELECTED, GRADED AND TESTED.

The prices quoted below are postpaid up to and including 2 lbs. They are subject to market changes and we would advise writing before ordering any large quantities. We will be glad to submit samples and quote you our very lowest current prices.

**NORTHERN RAISED CORN.**

CHAMPION WHITE PEARL.—The stalk is short and thick. The ears grow long on the stalk, from 7 to 12 inches in length, almost parallel throughout, of medium size, averaging 16 rows of grains. 25c lb.

IOWA SILVER MINE (100 Days).—Silver Mine is deep grained, pure white, rough topped, with a small white cob. Ears run from 9 to 12 inches long, with 10 to 20 rows of pure white kernels. 25c lb.; peck, $1.25; bu., $7.50.

IOWA GOLD MINE.—Earliest to mature; the purest yellow; the deepest grain. Price, 25c lb.; peck, $1.00; bu., $3.50.

EARLY LEARNING.—This is the earliest Yellow Dent Corn in cultivation, maturing in eighty to eighty-five days from planting. Price, 25c lb.; peck, $1.00; bu., $3.50.

HICKORY KING (110 Days).—This is an entirely distinct variety, the largest of the series, combining the largest grain with the smallest cob. A good drought resister. We recommend it very highly. Price, 25c lb.; peck, $1.00; bu., $3.50.

**TEXAS GROWN VARIETIES.**

OKLAHOMA WHITE WONDER.—This is one of the best drought-resisting varieties of dent corn. It can be planted as late as June with good results. It ripens at the same time as the earliest varieties, and is the only large-ear corn we know of that ripens so soon. Price, lb., 25c; peck, $1.00; bu., $3.50.

SURCROPPER.—This is an excellent variety for both early and late planting. It requires about 110 to 120 days to mature. Price, lb., 25c; peck, $1.00; bu., $3.50.

GIANT YELLOW DENT.—This fine yellow corn is a splendid variety, well suited to the South. Our stock this year is fine, every ear was carefully selected before shipping. Price, lb., 25c; peck, $1.00; bu., $3.50.

GIANT WHITE (Red Cob).—This corn has more notes of distinction than any other variety. It has red cob and large white grains. The Giant White makes the finest meal, roasting ears and hominy, and is the finest quality of corn that grows. Matures in 100 to 110 days. Price, lb., 25c; peck, $1.00; bu., $3.50.

BLOODY BUTCHER.—This is one of the very best corns for Texas. It matures in about 100 days. Price, lb., 25c; peck, $1.00; bu., $3.50.

STRAWBERRY.—This corn has always done well in Texas. Price, lb., 25c.

**JUNE CORN.**

NATIVE GROWN MEXICAN JUNE CORN.—This variety has become well known among the most progressive farmers of the Southwest, having a very large market for itself worthy of a high place in the corn family of the Southern States. Price, lb., 20c.

**IMPROVED SQUAW.**—Originated in Oklahoma, and is one of the most popular varieties of corn. It is a natural drought-resisting variety. The grains present a combination of colors; some are red, others yellow, blue and white. Price, lb., 30c.

**WRITE FOR PRICES ON LARGER QUANTITIES**
FIELD BEANS

The Field Bean, both as a soil builder and a feed producer, is the greatest legume crop in existence, making a larger growth of vine and a heavier yield of seed.

EARLY SPECKLED VELVET BEANS.—The Early Speckled is a sport from the old Speckled variety which originated in Georgia. Price, lb., 25c.

SOY or SOJA BEANS.—This variety has been extensively advertised as the Coffee bean, the seed being sometimes parched and ground for use as coffee. Price, lb., 25c. By express, 10 lbs., $2.00.

MEXICAN PINTO BEANS (Frioles).—This now very popular bean is extensively grown in New Mexico and the dry sections surrounding. It has done well in the swampland and Decamp Farm in Texas. They are excellent when cooked highly nutritious, and much preferred to other varieties. Price, lb., 30c. By express, 10 lbs., $1.75.

THE TEPARY BEAN.—This Bean has been grown in some section of the United States for a hundred years or more. It is similar in size and looks like the Navy Bean. Price, lb., 30c. By express, 10 lbs., $1.75.

GRASES

JOHNSON GRASS (Sorghum Halapense).—Perennial grass, with long, green-like roots. Leaves, stalks and panicles resemble those of sorghum. 60c per lb. By freight or express, 10 lbs., $4.00.

RESCUE GRASSES.—This is the best winter grass we have in the South and deserves the attention of every grower. It has stock to graze in the winter. It is an annual, but itself lasts. After the grass dies down in summer a crop of cowpeas or Japan Clover can be planted, but should be harvested in time to allow the Rescue Grass to start again in the fall. 35c per lb. By express, 10 lbs., $2.50.

SUDAN GRASS.—Sudan is a tall, annual grass, reaching a height of from seven to nine feet when planted in rows and allowed to mature for a seed crop broadcasted and cut “in the bloom” for hay, about forty feet. Yields 500 to 1000 lbs. of seed or three tons cured hay per cutting per acre with three cuttings per season. 30c per lb. By express, 10 lbs., $2.00; 100 lbs., $18.00.

KENTUCKY BLUE GRASS (Poa Pratensis).—It is the best pasture for the climate and soil, succeeding finely on hill lands and producing the most nourishing food for cattle. Fancy cleaned seed, 60c per lb. By express, 10 lbs., $5.00.

BERMUDA GRASS (Cynodon Dactylon).—One of the most valuable grasses for pastures and hay in the South, where it will stand indefinitely if plowed and harrowed in the spring once every four or five years. Best grade of new crop, thoroughly re-cleaned. $1.00 per lb. By express, 10 lbs., $6.00.

LAWN GRASS MIXTURE

WINTER SOWING.—There is no better seed than is put in this mixture for the making of good lawns. It consists of blue grass, red top, Bermuda grass, white clover, English rye and timothy, which assures a quick growth. Price, 75c per lb.; 3 lbs., $2.00; 10 lbs., $6.00 prepaid.

PERENNIAL ENGLISH RYE (Lalym Perenne).—A hardy rye grass, grows well on clay soil and withstands drought reasonably well; grows quick and is a good pasture grass. White Clover is sometimes used with this when used for lawn purposes. Price, lb., 40c. By express, 10 lbs., $3.00.

STOCK BEETS

MANGELS FOR FEEDING STOCK.

GIANT FEEDING SUGAR BEET (or Half Sugar Mangel).—Easily grown and harvested, and combines the highly nutritious value of a Sugar Beet with the large size of a Mangels-Wurzel. Pkt., 5c; oz., 10c; ¼ lb., 20c; lb., 65c. Not prepaid, lb., 60c; 10 lbs., $5.00.

MAMMOTH GOLDEN TANKARD.—Flesh a golden, and of great milk-producing qualities. Pkt., 5c; oz., 10c; ¼ lb., 20c; lb., 65c.

MAMMOTH LONG RED.—Grows to very large size and good keeper. Pkt., 5c; oz., 10c; ¼ lb., 65c.

MILLET

Millet is an important and nutritious hay and forage crop, splendid for dairy cows, young stock and sheep. Yields heavily. Two crops can be grown on the same land.

BIG GERMAN MILLET.—It has produced from four to five tons of hay to the acre, and from seventy to eighty bushels of seed. Price, lb., 25c. By express, 10 lbs., $1.50.

COMMON MILLET.—Sow in drills or broadcast from May to last of July. Price, lb., 25c. By express, 10 lbs., $2.00.

PEARL MILLET.—Grows from 8 to 10 feet high; makes a splendid hay. Price, lb., 35c.

NEW JAPANESE BARNYARD MILLET.—Entirely distinct from any other variety. Grows 6 feet high and yields enormously. Has been called “Billion Dollar” grass. Price, lb., 35c.

SCHROCK—KAIFIR

It resembles kafir in waiting for rain, the leaves rolling up in daytimes. Everything likes the hay. As you will see from this and later know from observation, it has several advantages over Feterita, in that it has no disease nor does not drop or lodge and seed all gets ripe at once. Also the fodder and the stalk make the best of feed, which is not true of Feterita. 25c per lb.

DWARF ESSEX RAPE

Sow in summer for fall and winter pasture. It is especially good for sheep, but all kinds of stock and chickens are fond of it and do well on it. One acre of Rape will furnish pasture for twenty hogs two months. It is good to use as a “catch crop” sown on ground where other crops for some reason have failed, as it grows quickly. 30c per lb.; 10 lbs., $2.00.

VETCHES

THE WONDERFUL SAND OR HAIRY VETCHES (Vicia Villosa).—Also called Winter Vetch. This useful plant is noted for its extreme hardiness and is valuable for forage and fertilizing purposes. It is an annual, but drops its seeds freely and will come up year after year on the same ground. 75c per lb. By express, 10 lbs., $6.00.

PEANUTS

SPANISH PEANUTS.—In addition to their value for growing for the nuts, these are very largely used in the South as a forage and fattening crop for hogs and other stock. 30c per lb. By express, 10 lbs., $2.00.

TENNESSEE RED.—Small-podded variety; similar to Spanish, except that the pods are longer. 40c per lb. By express, 10 lbs., $2.50.

VIRGINIA BUNCH.—A very profitable variety, plant rather dwarf. It is the standard variety for roasting. They furnish excellent forage. 40c per lb. By express, 10 lbs., $2.50.

FIELD OR COWPEAS

WHIPPOORWILL.—Has brown, speckled seed, easily gathered on account of the upright, bushy growth of the plants. Lb., 20c.

WONDERFUL OR UNKNOWN.—In yield and in growth of vines surpasses any other varieties; requires a long season and should be planted in May. Lb., 30c.

LARGE BLACK-EYE.—The dry peas, which are produced in large quantities, find a ready sale during the winter. Lb., 30c.

CREAM PEAS.—Plants form sturdy bushes which produce the best of both banches. These are of creamy yellow color. Lb., 30c.

BROWN CROWDER PEAS.—This is a native Texas Pea, exceptionally fine for table use and very prolific. Lb., 30c.

BARLEY

BEARDLESS BARLEY.—This is a spring barley and should be planted about the last of February or first of March. It is beardless as the name implies, making it a fine stock feed. 20c per lb.; peck, 75c; bu., $2.75.

BEARDED WINTER BARLEY.—This variety is sown in the fall and makes excellent pasture for winter. 20c per lb.; peck, 75c; bu., $2.75.

SEED RYE

FALL OR WINTER.—The time for sowing is from the middle of August to the last of September. 20c per lb.

ROZEN RYE.—Within the past few years there has been quite a big demand for this new variety of Rye, for it has made good in every Southern state, without exception. 25c per lb.; peck, 75c; bu., $2.75; express collect.

WRITE FOR PRICES ON LARGER QUANTITIES
NON-SACCHARINE SORGHUMS

WHITE KAFIR CORN.—Grows 4 to 5 feet high. The stems are very leafy and keep green and brittle, unlike other sorghums which harden. Price, lb., 20c.

RED KAFIR CORN.—Grows taller than the white; stalks slender, juicy and very leafy. The seed is red, smaller than that of the white, and hard and brittle. Ripens earlier than that of the white and yields much heavier. Price, lb., 15c; peck, $1.00; bu., $3.75.

FETERITA.—Feterita grows about five feet high on an average, and a crop of it growing very much like a crop of kafir or dwarf white milo. The heads grow up straight like kafir and are a little larger around but not quite so long. Price, lb., 25c; peck, $1.25; bu., $4.00.

YELLOW MILO MAIZE.—This excellent fodder plant has proved of great value during dry years in Texas. Five rounds will plant an acre. Price, lb., 15c; peck, $1.00; bu., $3.75.

WHITE MILO MAIZE.—Is much the same as the Yellow Milo.

Vegetable Seeds That Grow

Your orders, no matter how large or how small, will always receive our prompt attention.

ALL SEEDS sold in packet, ounce, pound, prepaid by mail, unless it be varieties listed by express at purchaser's expense, or otherwise stated.

ALL SEEDS in lots over one pound, gallon, peck, bushel, to go by express or freight at purchaser's expenses unless otherwise stated. The price has been reduced to the lowest figure for choice stock.

BEANS

We have our stock grown on contract by one of the most reliable Bean Seed growers in Michigan, and feel sure they will give the best of satisfaction.

BUSH WAX PODDED.

IMPROVED GOLDEN WAX (Rust-Proof).—Very valuable, rust-proof strain of Golden Wax. Pkt., 10c; lb., 30c; 2 lbs., 55c, postpaid.

DWARF GERMAN BLACK WAX.—Very prolific strain of the Black Wax, with long, round pod of attractive, waxy yellow color. Pkt., 1c; lb., 30c; 2 lbs., 55c, postpaid.

ECLIPSE BEETS

POLE OR CLIMBING Sorts

THE KENTUCKY WONDER.—The greatest of all pole beans, almost a continuous bearer, producing pods 6 to 9 inches long, which are very tender. Pkt., 10c; lb., 30c; 2 lbs., 55c, postpaid.

WHITE CREESEBACK.—Mostly planted by our country cousin on account of its wonderful producing qualities. Pkt., 10c; lb., 30c; 2 lbs., 55c, postpaid.

LAZY WIFE.—A remarkable variety, not only for its great productiveness, but also for its fine quality; the pods are produced in clusters, and almost a handful can be grasped at once. Pkt., 10c; lb., 30c; 2 lbs., 55c, postpaid.

BUSH LIMA BEANS

HENDERSON Dwarf or BUSH LIMA.—A very desirable variety for the home gardener and a prolific producer. Pkt., 10c; lb., 30c; 2 lbs., 55c, postpaid.

BURPEE'S BUSH LIMA.—A true bush form, growing 18 to 20 inches high; an immense yielding variety. Pkt., 10c; lb., 35c; 2 lbs., 65c, postpaid.

SMALL WHITE LIMA or SIEVA.—A very early variety, valuable for the truck growers on account of its wonderful productiveness. Pkt., 10c; lb., 35c; 2 lbs., 65c, postpaid.

CAULIFLOWER

EARLY SNOWBALL. FORCING.—The market gardeners' favorite. Stands the heat and drought better than most Cauliflowers. Pkt., 25c; oz., $3.00.

SELECTED DWARF Erfurt.—Excellent for forcing as well as open ground. The plants are small-leaved and dwarf, producing pure white heads of finest quality. Pkt., 25c; oz., $3.00.

POP CORN

QUENN'S GOLDEN.—The largest of all Pop Corn. It is cream colored, but pops perfectly white. Lb., 30c. Not postpaid, 10 lbs., $1.75.

WHITE RICE.—The most popular widely known variety. Lb., 20c; 10 lbs., $1.75, by express.

SWISS CHARD

GROWN FOR LEAVES ONLY.

SWISS CHARD (Sea Kale, or Spinach Beet).—This kind of beet is grown exclusively for the numerous leafy, tender leaves and leaf stalks, which are superior to those of other beets for greens. Pkt., 5c; oz., 10c; ½ lb., 25c; lb., 75c.
BRUSSELS SPROUTS

BRUSSELS SPROUTS are a very delicate vegetable and deserve a more general cultivation than they receive. The plant belongs to the cabbage family, and should be grown and cultivated like cabbages. The "sprouts" which grow around the stems and below the seed pods of the plant look like miniature cabbages. Very hardy; improved by frost. Pkt., 10c; oz., 15c.

CABBAGE

HENDERSON'S EARLY SUMMER.—Our strain of this standard early variety has been carefully selected each season and we pride ourselves on being able to offer a strain of Early Summer that cannot be surpassed. Pkt., 10c; oz., 20c; ½ lb., 50c; lb., $2.00.

EARLY DWARF FLAT DUTCH.—A standard sort that seems to increase in popularity each season. The plants are short-stemmed and upright with comparatively few and short leaves, so that they may be planted very close together. Pkt., 10c; oz., 20c; ½ lb., 60c; lb., $2.00.

STEIN'S EARLY FLAT DUTCH.—A distinct strain of quick growing and early maturing. Immense growth, weighing 10 to 12 lbs. Pkt., 10c; oz., 20c; ½ lb., 60c; lb., $2.00.

JERSEY WAKEFIELD.—Carefully selected seed. For over twenty years Jersey Wakefield has held its own with other cabbages and our enormous sales of this variety every season prove that it is still one of the most popular sorts ever introduced. Pkt., 10c; oz., 20c; ½ lb., 55c; lb., $2.00.

COPENHAGEN MARKET.—The earliest, large, round-headed Cabbage yet introduced. The heads are exceptionally large for so early a variety, very solid and of most excellent quality. Pkt., 10c; oz., 30c; ½ lb., 75c; lb., $2.50.

EARLY DRUMHEAD or SHORT STEM.—One of the best second early varieties. Head large, flat, compact, solid and of fine quality. Price, pkt., 10c; oz., 20c; ½ lb., 65c; lb., $2.35.

CHARLESTON WAKEFIELD.—A very popular variety with market gardeners in the South. It is about a week later than Early Jersey Wakefield, but the heads are nearly one-half larger. Do not burst when ripe. Pkt., 10c; oz., 20c; ½ lb., 60c; lb., $2.00.

SUREHEAD.—Burpee's Surehead is a most popular strain of the favorite Flat Dutch type of cabbage. Pkt., 10c; oz., 20c; ½ lb., 50c; oz., $3.00, postpaid.

ALL SEASONS.—Heads large, solid and of excellent keeping qualities. Fine for shipping purposes. A splendid cabbage for general use. In quality, tenderness and flavor No Drumhead can surpass the well-selected strain of All Seasons. Pkt., 10c; oz., 30c; ½ lb., 75c; lb., $2.50.

SUCCESSION.—The general crop cabbage in the world. Surpassing all others as to keeping qualities unequalled. Pkt., 10c; oz., 20c; ½ lb., 60c; lb., $2.00.

PREMIUM LATE FLAT DUTCH.—This is a large, strong growing variety, requiring a considerable length of season in which to perfect the large, solid flat heads. Pkt., 10c; oz., 20c; ½ lb., 60c; lb., $2.00.

CHINESE CABBAGE

PE- TSAI.—Improved Chinese Cabbage. The market appearance of this cabbage in quantity the past two years has created a widespread demand for the seed. It has a mild flavor and may be eaten raw or as a salad, or cooked. Boiled, minced and seasoned with butter, it is especially delectable. Pkt., 10c; oz., 25c; oz., 45c; lb., $1.50.

SAVoy CABBAGE

PERFECTION DRUMHEAD SAVoy.—Savoy Cabbage is very much superior to ordinary Cabbage, as it is more tender and of finer flavor. Perfection Drumhead Savoy is an excellent strain, with large, solid heads of fine quality. Pkt., 10c; oz., 40c; ½ lb., $1.25; lb., $4.00.

RED CABBAGE

MAMMOTH RED ROCK.—Largest and most solid of the red varieties; very tender. Pkt., 10c; oz., 40c; ½ lb., $1.25; lb., $4.00.

CRESS

A well known pungent salad. Requires to be sown thickly and covered very slightly, at frequent intervals, to keep up a succession, as it soon runs to seed.

CURLED.—Very fine for salad; will bear cutting several times. Pkt., 5c; oz., 15c.

CUCUMBERS

DAVIS' PERFECT.—Color a dark glossy green. Length 10 to 12 inches. Pkt., 5c; oz., 10c; ½ lb., 60c; lb., $2.00.

BOSTON PICKLE.—An abundant bearer; highly recommended for pickles. Pkt., 5c; oz., 10c; ½ lb., 30c; lb., $1.00.

NEW KLONDIKE.—An attractive dark green sort. The fruits average 6 to 7 inches long and 2 inches in diameter. When small, make excellent pickles. Pkt., 5c; oz., 10c; ½ lb., 30c; lb., $1.00.

JAPANESE CLIMBING CUCUMBERS.—A marvelous climbing variety introduced from Japan. The cucumbers are about 4 inches in length, and of a beautiful green color; the flesh is firm and free from the bitter taste found in some varieties. It can be trained on trellises, fences. Pkt., 10c; oz., 15c; ½ lb., 35c; lb., $1.25.

ARLINGTON WHITE SPINE.—The truckers' favorite. Very beautiful and deep green. Pkt., 5c; oz., 10c; ½ lb., 30c; lb., $1.00.

EARLY CLUSTER.—Fruits small dark green; borne in clusters Pkt., 5c; oz., 10c; ½ lb., 30c; lb., $1.00.

IMPROVED LONG GREEN.—Most widely cultivated sort. Unsurpassed for general use. The cucumbers average 12 inches long. Pkt., 5c; oz., 10c; ½ lb., 30c; lb., $1.00.

SWEET CORN—EARLY GARDEN VARIETIES

GOLDEN BANTAM.—Early Sweet Corn, with yellow kernels. Very sweet and delicious; tender and of excellent quality. One of the best early varieties. Pkt., 10c; lb., 50c; 2 lbs., 90c, postpaid.

COUNTRY GENTLEMAN.—The most delicious of all Sweet Corns, and also one of the most productive sorts. Pkt., 10c; lb., 25c; 2 lbs., 45c, postpaid.

STOWELL'S EVERGREEN.—The best late sweet corn in every way, being large eared, hardy and productive. Pkt., 10c; lb., 20c; 2 lbs., 35c, postpaid.

ADAMS' EXTRA EARLY.—The hardest and earliest variety. It is not a Sweet Corn, but produces ears well filled with tender white grains. Pkt., 10c; lb., 20c; 2 lbs., 35c, postpaid.

HICKORY KING, IOWA SILVERMINE and WHITE PEARL are all good to plant for roasting ears. Pkt., 10c; lb., 20c; 2 lbs., 35c, postpaid. For larger quantities see Field Corn.

CARROTS

EARLY SCARLET HORN.—Stump root. Is popular for forcing and early outside sowing. Flesh deep orange, small tops. Pkt., 5c; oz., 10c; ½ lb., 20c; lb., 75c.

OXHEART.—A desirable variety on soil too hard and stiff for the longer growing sorts. Pkt., 5c; oz., 10c; ½ lb., 20c; lb., 75c.

LONG ORANGE.—The best late variety for field culture. Pkt., 5c; oz., 10c; ½ lb., 20c; lb., 75c.
CELERY

WHITE PLUME.—It is more largely grown for both private and market use than any other sort. In earliness it surpasses any other celery, as it can be blanched for the table in September. Pkt., 5c; oz., 30c; 1/4 lb., 90c.

GOLDEN SELF-BLANCING.—A grand sort on the style of White Plume, except that it is a golden yellow color. Pkt., 10c; oz., 45c; 1/4 lb., $1.40.

COLLARDS

TRUE GEORGIA.—Pkt., 5c; oz., 10c; 1/4 lb., 30c; lb., $1.00.

EGG PLANT

IMPROVED NEW YORK SPINELESS.—Fruit of large size and perfect form. Pkt., 10c; oz., 35c; 1/4 lb., $1.25.

BLACK BEAUTY.—Fruit large, dark purple. Pkt., 10c; oz., 35c; 1/4 lb., $1.25.

ENDIVE

One of the best salads for fall and winter use. For greens and for flavoring soups and stews. Large pkt., 10c.

WATERMELONS

GILBERT’S EXCEL.—It is a cross between Tom Watson and the Blue Gem. It is a long, bluish-green watermelon, with dark green skin; the flesh is of superb quality and turns red to the rind. Pkt., 10c; oz., 15c; 1/4 lb., 35c; lb., $1.00.

TOM-WATSON.—This is one of the best melons. Pkt., 5c; oz., 10c; 1/4 lb., 25c; lb., 85c.

HALBERT HONEY.—A Texas melon and particularly adapted for our state. Brings always higher prices than any other melon on the market. Pkt., 5c; oz., 10c; 1/4 lb., 25c; lb., 85c.

ALABAMA SWEET.—This is a large, oblong melon; color dark green with faint lighter stripes. Sancy selected Southern grown seed. Pkt., 5c; oz., 10c; 1/4 lb., 25c; lb., 85c.

KLECKLEY SWEETS.—Vines strong and vigorous. Pkt., 5c; oz., 10c; 1/4 lb., 25c; lb., 85c.

GEORGIA RATTLESNAKE.—Standard Southern variety; oblong, flesh scarlet, crisp and juicy. A good shipper. Pkt., 5c; oz., 10c; 1/4 lb., 25c; lb., 85c.

CITRON.—Grow uniformly round and smooth, striped and marked with light green. Flesh white and solid, seeds red. This sort is not used for eating in the raw state, but for preserves and pickles, etc. Pkt., 5c; oz., 10c; 1/4 lb., 25c; lb., 85c.

MUSKMELONS

LANG’S GOLD-LINED NETTED ROCK.—This melon we do not hesitate to recommend to the market gardener and large grower. Size runs from medium to large. They always bring the top price on the market. Pkt., 10c; oz., 15c; 1/4 lb., 35c; lb., $1.25.

ROCKY FORD.—The melon that made Rocky Ford famous. The favorite green-fleshed shipping variety. Pkt., 5c; oz., 10c; 1/4 lb., 30c; lb., $1.00.

BALTIMORE OR ACME.—The fruits are medium sized, oval or long oval, slightly pointed at stem end, slightly ribbed and are covered when ripe with coarse netting. The flesh is thick, green, well flavored and sweet. Pkt., 5c; oz., 10c; 1/4 lb., 30c; lb., $1.00.

NUTMEG GREEN.—A medium-sized globular-variegated variety, which is slightly ribbed; the skin is a rich dark green. Pkt., 5c; oz., 10c; 1/4 lb., 30c; lb., $1.25.

HACKENSACK OR TURK’S CAP.—Very hardy, are of good size, round, heavily ribbed and netted. The meat is green, thick, firm, and of excellent flavor. Pkt., 5c; oz., 10c; 1/4 lb., 30c; lb., $1.00.

NETTED ROCK.—It is about the same size as Rocky Ford, heavily netted, the flesh is green, deep and solid and of very fine flavor. Pkt., 5c; oz., 10c; 1/4 lb., 30c; lb., $1.00.

TEXAS CANNON BALL.—Round, medium size, heavily netted, flesh green, very solid, melting and delicious flavor. Pkt., 5c; oz., 10c; 1/4 lb., 30c; lb., $1.00.

HONEY DEW MELONS

HONEY DEW MELON.—The Honey Dew Melon produces a melon with a smooth almost white rind, measuring about six inches in diameter, about seven inches long. The green flesh is thick and has a peculiar sweet flavor, somewhat like a banana; they are at their best when a little overripe. Pkt., 10c; oz., 15c; 1/4 lb., 35c; lb., $1.20.

PARSLEY

CHAMPION MOSS CURLLED.—A very select stock; the leaves are curled and crimped. Pkt., 5c; oz., 10c; 1/4 lb., 35c; lb., $1.25, postpaid.

PLAIN PARSLEY.—Dark green leaves, good for seasoning. Pkt., 5c; oz., 10c; 1/4 lb., 35c; lb., $1.25, postpaid.

WRITE FOR PRICES ON LARGER QUANTITIES
ONIONS—NEW CROP SEED
CRYSTAL WAX BERMUDA.—The most attractive onion in the world. Pkt., 10c; oz., 75c; ¼ lb., $2.50; lb., $10.00.
IMPORTED RED BERMUDA.—Our genuine Red Bermuda is a favorite for home use. Pkt., 10c; oz., 25c; ¼ lb., $1.00; lb., $3.75.
IMPORTED YELLOW BERMUDA.—Planted extensively by market gardens in the South for shipping. Pkt., 10c; oz., 25c; ¼ lb., $1.00; lb., $3.75.
WHITE PEARL, EXTRA EARLY.—The earliest of all the white varieties. If you are in want of an early white onion, grow Extra Early Pearl. Its immense yield and fine quality will please you. Pkt., 10c; oz., 35c; ¼ lb., $1.00; lb., $3.75.

PEAS
FIRST AND BEST.—A vigorous growing, hardy, extra early sort, about 2½ feet in height, unbranched, usually bearing from 8 to 10 pods each, filled with smooth peas of the best quality. Pkt., 10c; lb., 25c, postpaid.
ALASKA.—This is a smooth blue pea of unequaled evenness in growth of vine and early maturity of pods, well filled with medium size, bright green peas of excellent flavor. Pkt., 10c; lb., 30c; 2 lbs., 55c, postpaid.
LAXTONIAN.—This very handsome wrinkled pea is the largest podded of the dwarf varieties on our list. Pkt., 10c; lb., 40c; 2 lbs., 75c, postpaid.
AMERICAN WONDER.—Until the introduction of Nott's Excelsior this was the earliest of all the wrinkled varieties. It is of dwarf habit, only grows about 10 to 12 inches high, but always produces a proportion of well filled pods of the finest quality. Our stock is selected with the greatest care. Pkt., 10c; lb., 35c; 2 lbs., 65c, postpaid.
PRIDE OF THE MARKET.—Vines of medium height, stiff, with large dark green leaves and bearing at the top, generally in pairs; a good crop of large, pointed, dark green pods. Pkt., 10c; lb., 35c, 2 lbs., 65c, postpaid.
BLISS' EVERSBERING.—Height of vines, two feet; foliage very large and bright green; pods three to four inches long. Pkt., 10c; lb., 35c; 2 lbs., 65c, postpaid.
CHAMPION OF ENGLAND.—The favorite late variety. Pkt., 10c; lb., 35c; 2 lbs., 65c, postpaid.
THOMAS LAXTON.—A very early wrinkled variety of great merit. The vines are vigorous, of medium height, about three feet. Pkt., 10c; lb., 40c; 2 lbs., 75c, postpaid.
NOTT'S EXCELSIOR.—Grows 15 inches high, and is claimed by the introducer to be the earliest and best Dwarf Wrinkled Pea ever introduced. For the home garden it cannot be too highly recommended. Pkt., 10c; lb., 35c; 2 lbs., 65c, postpaid.
LARGE WHITE MARROWFAT.—The vines of this variety are about 5 feet high and of strong growth. Pkt., 10c; lb., 30c; 2 lbs., 55c, postpaid.
NEW TELEPHONE.—Seed green, wrinkled; height about 4 feet. Pkt., 10c; lb., 35c; 2 lbs., 65c, postpaid.

POTATOES
IRISH COBBLER POTATO.—A comparatively new and very fine early variety; extensively grown for market in some localities. This is a very reliable variety and heavy cropper.
PURE EARLY ROSE.—The good old favorite which continues in great popularity. The seed we offer is the purest and best that can be put on the market.
TENNESSEE TRIUMPH.—Matures a week in advance of the Early Rose. Color a beautiful light red.

WILL QUOTE PRICES UPON APPLICATION.

PUMPKINS
CONNECTICUT FIELD.—A very productive old standard sort that is grown almost exclusively for canning purposes. Pkt., 5c; oz., 10c; ¼ lb., 25c; lb., 85c, postpaid.
IMPROVED GREEN-STRIPE CASHAW.—A crook-necked variety, with green and white striped skin. The flesh is of rich yellow color, solid, fine grained, very thick and sweet. Pkt., 5c; oz., 15c; ¼ lb., 45c; lb., $1.75.
LARGE CHEESE OR KENTUCKY FIELD.—Very popular and productive. Flesh yellow, thick, tender, nutritious and of excellent quality. Pkt., 5c; oz., 10c; ¼ lb., 25c; lb., 85c.
TENNESSEE SWEET POTATO.—The best variety for home gardens. They are almost pear-shaped, growing to a large size. Vines are enormously productive. Pkt., 5c; oz., 15c; ¼ lb., 40c; lb., $1.65.

RHUBARB
VICTORIA.—The finest market variety, producing large thick, heavy stalks in rich soil. Pkt., 5c; oz., 20c; ¼ lb., 50c.

WRITE FOR PRICES ON LARGER QUANTITIES.
RADISHES

EARLY SCARLET TURNIP.—A round, red, turnip-shaped radish with small tops and of very quick growth. Very desirable for early outdoor planting, as well as forcing. Pkt., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 85c.

EARLY SCARLET TURNIP, WHITE TIPPED.—One of the handsomest of the turnip radishes and a great favorite in many large markets for early planting outdoors. Looks very deep red with a distinctly white tip. Pkt., 5c; oz., 10c; ¼ lb., 25c; ½ lb., 85c.

FRENCH BREAKFAST.—A quick growing, small, olive-shaped radish about 1½ inches long by ⅜ of an inch in diameter when fully grown. Beautiful deep scarlet except a little clear white about the tip. Pkt., 5c; oz., 15c; ¼ lb., 35c; ½ lb., 85c.

BEAUTY.—Of a very glowing crimson in color and with a slight tinge of purple. It has more solid flesh and fewer seeds than average kinds and is less inclined to rot. Pkt., 5c; oz., 30c; ¼ lb., $1.25; ½ lb., $4.00.

ACME.—The old standard variety. The color is a crimson-tinted, with a light pinkish shade. Our seed is selected. Pkt., 5c; oz., 25c; ¼ lb., $1.00; ½ lb., $3.50.

DWARF CHAMPION.—The best early tomato grown; entirely distinct in habit of growth and foliage; vines are dwarf and compact, grow stiff and upright, with thick, short, jointed stems. Pkt., 5c; oz., 30c; ¼ lb., $1.25; ½ lb., $4.00.

LIVINGSTON'S DWARF STONE.—In habit of vine it resembles Dwarf Champion; good growth and more erect. Pkt., 5c; oz., 40c; ¼ lb., $1.25; ½ lb., $4.00.

PONDEROSA.—This is one of the largest varieties. The fruits are of a purplish pink color; very solid and ripen early, continuing to do so until first frost. Pkt., 10c; oz., 45c; ¼ lb., $1.40; ½ lb., $5.00.

SPARK'S EARLIANA.—This tomato has become very popular with many growers of tomatoes for early market. Pkt., 5c; oz., 30c; ¼ lb., 85c; ½ lb., $3.25.

JUNE PINK TOMATO.—The earliest pink tomato. Pkt., 5c; oz., 35c; ¼ lb., $1.10; ½ lb., $4.00.

NEW STONE.—Fruit large and deep, bright scarlet; smooth, ripening evenly to the stem without a crack; very solid and firm fleshed; of the finest quality. Pkt., 5c; oz., 25c; ¼ lb., 75c; lb., $2.50.

SQUASH

EARLY WHITE SCALLOPED BUSH.—A beautiful white Squash of light cream color, large size, flat. Elegant for home use. Pkt., 5c; oz., 10c; ¼ lb., 30c; ½ lb., $1.35.

YELLOW SUMMER CROOKNECK.—A small crookneck sort. Skin bright yellow; very early and productive. Pkt., 5c; oz., 10c; ¼ lb., 35c; ½ lb., $1.25.

WATER HUBBARD.—This is similar in size and quality to the well known Hubbard. The vines are fully as vigorous and productive, while the dark olive green fruits are rather more heavily warty. Very handsome in appearance. An excellent keeper. Pkt., 10c; oz., 15c; ¼ lb., 55c; lb., $2.00.

BOSTON MALLOW.—A fall and winter variety of medium large size, oval shape, bright orange color, with a shading of light cream color. Flesh rich yellow, fine grained, rich, delicious flavor. Pkt., 5c; oz., 10c; ¼ lb., 40c; ½ lb., $1.35.

SPINACH

CURLED BLOOMSDALE or LONG STANDING SPINACH.—Produces nearly twice the weight of crop as other varieties and has further merit in the fact that it is the hardest of all varieties of spinach. Pkt., 5c; oz., 10c; ¼ lb., 15c; ½ lb., 40c.

HERBS

CHERVIL.—For flavoring soups, etc. Pkt., 5c; oz., 15c.

DILL.—Seeds for flavoring pickles and vinegar. Pkt., 5c; oz., 10c.

MARJORAM, SWEET.—For seasoning. Pkt., 5c; oz., 25c.

MUSTARD, WHITE.—For seasoning. Oz., 10c; lb., 75c.

SAGE.—Used as a culinary herb, also for fowls. Pkt., 10c; oz., 25c.

THYME.—Used as a seasoning. Pkt., 5c.

SWEET BASIL.—Used for flavoring soups and sauces. Pkt., 10c. Early White Flat Dutch
We Are Big Growers of Vegetable Plants

We are the largest growers of vegetable plants in the South. Over one million Frost-proof Cabbage Plants now ready for early gardens. We can supply your seeds in Egg, Pepper, Tomato, and Sweet Potato Plants, all grown from highest quality seed. Place your orders early, we will make shipment when you desire.

**POTATO SLIPS READY ABOUT APRIL 1ST**
Every year we grow for our trade about 10,000 Pumpkin Yam potato slips. The price varies according to season. March delivery, 10c per dozen, 50c per hundred, $5.00 per thousand. April delivery, $4.50 per thousand.

**TOMATOES READY ABOUT MARCH 1ST**
For early planting try some of our fine and true plants grown from selected seeds. Dwarf, Champion (tree tomato), Acme (tall variety), also Beauty and Stone. Price, 10c per dozen, 50c per 100, $3.50 per 1,000.

**CABBAGE READY ABOUT FEBRUARY 1ST**
Thousands of these plants are grown by us for early planting, such varieties as Early Jersey Wakefield, Early Winningstad, Early Summer. Prices, 10c per dozen, 50c per hundred, $3.50 per thousand.

**PEPPER AND EGG PLANTS READY ABOUT MARCH 15TH**
Place orders early, as they are always short. 20c per dozen; 2 dozen, 35c; 75c per 100.

**Fresh, New and Reliable Flower Seed**

NOTICE TO FLOWER SEED BUYERS: WE MAKE A SPECIALTY OF ALL THE LEADING SEEDS. IF YOU WANT TO BEAUTIFY YOUR PLACE AT A SMALL COST, TRY OUR SEEDS. NOTE THE RESULTS. ALL PACKET SEEDS ARE PREPAID.

**ALYSSUM, SWEET**
The delicate, honey-like fragrance of its white flowers is much prized in bouquets and baskets.

**ALYSSUM BENTHAMI**
Trails; white and fragrant. Pkt., 10c.

**ASTERS**
One of the prettiest mid-season flowering plants.

Asters.—All colors mixed. Pkt., 10c.
Asters, Delicata.—Light pink. Pkt., 10c.
Asters, Peony.—All colors mixed. Pkt., 10c.
Asters, Empress of China.—Dark blue. Pkt., 10c.
Asters, Fire King.—Deep crimson. Pkt., 10c.
Asters, Snowball.—Pure white. Pkt., 10c.

**AMARANTHUS**
Brilliant foliage annuals, bearing curious racemes of flowers.

Caudatus (Love Lies Bleeding).—Blood red; drooping. Pkt., 10c.
Tricolor (Joseph’s Coat).—Leaves red, yellow and green. Pkt., 10c.

**AQUILEAGIA (Columbine)**
Beautiful, curiously formed and variously colored flowers.

Double.—All colors mixed. A beautiful yard plant and good bloom; all colors imaginable. Pkt., 10c.

**AGERATUM**
This plant is almost constantly in bloom throughout the summer.

Mexicanum.—Lavender-blue. 2 feet. Pkt., 10c.
Tom Thumb.—Mixed, rarely exceeds 6 inches in height. Pkt., 10c.

**CARNATIONS**
Carnations are general favorites.

Marguerite.—Variety of colors and delicious perfume will insure its popularity in all gardens where cut flowers are in demand. Pkt., 15c.
Finest German.—Mixed colors; saved from extra fine, double, named flowers. Pkt., 25c.
Double Vienna.—Dwarf; early; large flowers; all colors and beautiful markings. Pkt., 15c.

**BALSAM (Lady Slipper)**
An old favorite garden flower.

Rose Flowering.—Mixed. Pkt., 10c.
Double Dwarf Mixed.—Pkt., 10c.

**BURNING BUSH or SUMMER CYPRUS (Kochia Trichophila)**
This we consider one of the most ornamental border or hedge plants that has ever been brought out and it is sure to attract attention. Pkt., 10c.

**CANDYTUFT**
Universally known and cultivated and considered indispensable for cutting.

White Rocket.—Pkt., 10c.
Dwarf Mixed.—Pkt., 10c.

**CELOSIA (Coxcomb)**
Glasgow Prize.—The best dwarf crimson sort, with handsome dark foliage. Combs very large and solid. Pkt., 10c.
Plumosa (Plumed or Ostrich Feather Cockcomb).—Bloom- ing in late summer and autumn. Producing large, showy plumes resembling ostrich feathers. Pkt., 10c.

**CHINESE WALLFLOWER (Celosia Childsii)**
This novelty has proved a great success everywhere. The most odd and novel flower of almost any garden. Pkt., 10c.

**CENTAUREA (or Bachelor’s Button)**
Thanks to the praiseworthy fashion of using only long-stemmed flowers for bouquets, the different species of Centaurea have become general favorites in all countries.

Bachelor’s Button (Centaurea Cyanus).—Called Blue-Bottle, Ragged Soldier, etc. Mixed colors. Pkt., 10c.
Imperialis (Giant Sweet Sultan).—2 feet. Finest of all Sweet Sultans for cut flower purposes. Pkt., 10c.
Candidissima—Ornamental Leaved Centaurea (Dusty Miller).—For bedding, hanging baskets and pots and for edging of beds where white basket foliage is desired. Silvery white, finely cut leaves. One foot. Pkt., 10c.

**CALENDULA**
Large double flowers, blooming all summer.

Meteor.—Creamy center, edged with orange. Pkt., 10c.

**CASTOR OIL BEANS**
Blood-red stalks and clusters of red fruit. Eight feet. Pkt., 5c.

**CHRYSANTHEMUMS**
Mixed annual. These varieties are summer-flowering sorts and are greatly prized for their brilliant colors and profuse blooming qualities. Pkt., 10c.

**COREOPSIS (Grandiflora)**
Large, showy, bright yellow flowers. Easily grown from seed, flowering the first year if sown early. Pkt., 10c.

**COSMOS**
The flowers are borne profusely in loose clusters, and present a charming appearance. Pkt., 10c.
CANNAS
Cannas are famous for their luxuriant growth and immense
Glossy-like flowers of most brilliant colors.
Large-Flowwing French Hybrid.–Early flowering and remark-
able for large size and beauty of flower and foliage. This
elegant collection contains everything that is best in Cannas. Large
pkt., 10c.
Madame Croyz (Dwarf).—Flowers beautiful scarlet with gold
border around each petal; foliage green. Pkt., 10c.
DAHLIA
Double, Finest Mixed.—Large flowering. Pkt., 10c.
Single Mixed.—Large, showy single flowers. Pkt., 10c.
DAISIES
Daisy, Double Perennial Mixed (Bellis).—Will bloom the first
season if sown early. Pink, white and red. Pkt., 10c.
Marguerite or Paris.—One of the best known and most popular
plants, both for house and yard. Pkt., 10c.
Shasta Daisies.—A great improvement upon the old-fashioned
daisy, being about 2 or 3 inches in diameter. Very fine. Pkt., 25c.
DIGITALIS (Foxglove)
Gloxinia-shaped flowers. A lovely type. All colors mixed.
Pkt., 10c.
DIANTHUS or PINKS
Double annual varieties. A magnificent genus, embracing
some of the most popular flowers in cultivation.
Hedewigia (Japanese Pink).—Colors vary from the richest valvety
clay to the most delicate rose. Double mixed. Pkt., 10c.
Imperials (Double Imperial Pink).—Double variegated. Mixed
colors. Pkt., 10c.
Double China.—Beautiful full flowers. Pkt., 10c.
EVERLASTING FLOWERS
Mixed Everlasting.—A good variety; all the useful and favorite
sorts. Pkt., 10c.
Globe Amaranth or Bachelor’s Buttons, Mixed.—Two feet
high, producing small, glossy-blobed, double flowers in bright
colors. Pkt., 10c.
FOUR O’CLOCK (Marvel of Peru)
Bloomiing the first season from seed. The flowers, which are
produced in clusters, open in the afternoon. Pkt., 10c.
BLUE FORGET-ME-NOT (Myosotis Alpestris)
An old favorite. It flourishes best in a moist, shady situation.
Pkt., 10c.
FEVERFEW—DOUBLE WHITE (Matricaria)
For cutting and pot culture, as well as for beds and borders.
Pkt., 10c.
GYPSOPHILA (Baby’s Breath)
Dainty, free-flowering plants covered with star-shaped
flowers. Pkt., 10c.
GERANIUMS
All the leading fine varieties are combined in this mixture.
Pkt., 25c.
PANSIES
We secure our pansy seed from the best American, French and
European growers, and offer as fine a quality as can be grown.
King Rufus.—Fine bright red. Pkt., 10c.
President Wilson.—Large size; beautiful blue shade, gradually
depending to a purple color. Pkt., 10c.
Snow Queen.—Handsome pure white flowers. Pkt., 10c.
Faust.—Rich, deep black. Pkt., 10c.
King of Yellows.—Clear yellow flowers. Pkt., 10c.
Finest Mixed.—Different shades and colors. Pkt., 10c.
English Show, Mixed.—All the richest and most delicate colors.
Pkt., 25c.
Cassier’s Mixed.—Blossoms are of enormous size and are most
beautifully blotched, marked and striped; an inconceivable vari-
ty of colors. Pkt., 25c.
HELIOTROPE
Everyone loves the delightful fragrance and beauty of the
Heliotrope. It can be raised from seed as easily as Verbena.
Fine mixed. Pkt., 10c.
HOLLYHOCKS
Few plants combine as many good qualities or lend themselves
as readily to varied uses as hollyhock. Extra choice double mixed.
Pkt., 10c.
ICE PLANTS
The most suitable plant grown for hanging baskets; leaves of
dark green and glossy color hanging down one to two feet.
Pkt., 10c.
Kochia (Mexican Fire Bush)
Pretty ornamental plant with fine, feathery foliage; light
green, turning to blood-red in autumn. Pkt., 10c.
LANTANA
There is no plant which makes more show, and which gives
more blooms and satisfaction in some corner of the yard, side
of the house or any sunny, hot place, where nothing else will grow.
Best mixed. Pkt., 10c.
LARKSPUR
Dwarf German Rocket.—Finest double mixed. Pkt., 10c.
Double-Stock Flowering.—Purple, rose, flesh, blue, white, or
mixed. A tall, branching variety, with beautiful long spikes of
flowers. Pkt., 10c.
MARIGOLD
Large African.—Tall, double; orange, brown and yellow mixed.
Pkt., 10c.
MIGNONETTE
The fine old variety with small spikes of delightfully scented
flowers. Pkt., 5c.
NASTURTIUMS, DWARF
Free-flowering and very desirable for bedding, vases and
pot plants. These come in all shades and colors assorted. Pkt.,
10c; oz., 20c; ½ lb., 50c.
NASTURTIUMS, TALL
Choice mixture of the finest varieties; 6 to 10 feet. Pkt., 10c;
oz., 15c; ½ lb., 40c.
PETUNIAS
We now have superb show varieties, fringed and ruffled and
doubled, mottled, striped and self-colored.
SINGLE
Single Inimitable.—Striped and blotched. Very effective.
Pkt., 10c.
Large Flowered, Single Fringed.—A choice mixture from superb
strains. Pkt., 25c.
Rose.—Fine pink. Pkt., 10c.
Good Mixed.—Pkt., 10c.
DOUBLE
Large Flowered, Double Fringed.—All the best colors. Pkt., 30c.
Giants of California.—This is the largest strain of petunias ever
sent out. The large, beautiful, fluffy blossoms are handsomely
crimpled, fringed and ruffled and come in white rose, velvety
clown-black, etc. Pkt., 25c.
PHLOX
For a splendid mass of colors and a constant display this
is not exceeded by any other annual.
Drummondii.—Its color ranges from purest white to blood-red
or crimson. Finest mixed, all colors. Pkt., 10c; oz., $1.00.
Drummond Grandiflora.—These are a decided improvement on
the old class, with larger flowers, a better range of colors and
more compact growth. Pkt., 15c; oz., $1.25.
PORTULACA
A dazzling display of beauty; multi-colored.
Double Mixed.—All colors. Pkt., 10c.
Single Mixed.—All colors. Pkt., 10c.
PYRETHRUM
Aureum (Golden Feather).—Bright yellow foliage. Pkt., 10c.
Roseum (Persian Insect Powder Plant).—Flowers a bright
rose. Pkt., 10c.
SNAPDRAGON
One of the most showy and useful yard plants. Pkt., 10c.
ROSES ILLUSTRATED IN FULL COLOR ON PAGE 28
SWEET PEAS

Snowflake.—Large pure white, improved white.
Amethyst.—Royal purple.
Blanche Ferry.—Pink and white.
Canary Bird.—Large, cream.
Fordhook Rose.—Improved rose and carmine.
Illumination.—Salmon-cerise.
King Edward.—Deep maroon.
Asta Ohn.—Lavender.
Fiery Cross.—Bright red.
Mrs. Chas. Zvonenek.—Orchid.
Selma Swenson.—Soft pink.
Enchantress.—Pure rose-pink.
Pkt., 10c; oz., 50c; ½ lb., $1.25; lb., $3.50.

Plant Sweet Pea seed from November 1st to February 28th.

A SELECT LIST OF SWEET PEAS

Pkt., 10c; oz., 50c; ½ lb., $1.25; lb., $3.50.
Eckford’s New Mixed.—This strain, although not embracing the latest novelties, contains a beautiful assortment of the famous Eckford Sweet Peas. Pkt., 10c; oz., 15c; ½ lb., 35c; lb., $1.25.
Gold Medal Mixture.—One of the most satisfactory ways of growing Sweet Peas is in a mixed row. Contains all bright varieties in proper proportions, mixed from many standard varieties. Pkt., 10c; oz., 20c; ½ lb., 50c; lb., $2.00.
California Giant Mixed.—The enormous size of the flowers and freedom with which they are produced recommend this mixture to all. Pkt., 10c; oz., 25c; ½ lb., 75c; lb., $2.50.

VERBENA

The most popular flower for the yard.
Scarlet.
Blue.—Purple and blue.
Mixed.—Finest colors.
Pink.—Deep pink.
White.—Pure white.

Above varieties, each, Pkt., 10c.

WINCA (Periwinkle)

The Vinca are among our most satisfactory bedding plants; they are very ornamental and bloom freely. Many of them may be potted for the house, and kept in bloom during the winter.
Rosea.—Fine rose color. Pkt., 10c.
Rosea Alba.—White, rose eye. Pkt., 10c.
All Colors.—Mixed. Pkt., 10c.

STOCKS, TEN-WEEKS

Large Flowered Dwarf.—Fine mixed. Pkt., 10c.
Large Flowered Branching.—Mixed. Pkt., 10c.
Cut and Come Again.—Mixed. Pkt., 10c.

MOON VINES (Moonflower)

One of the most showy of the annual climbers. At night and during dull days the plants are covered with large, pure white, fragrant flowers, 5 to 6 inches in diameter. Pkt., 10c.

SCARLET RUNNER BEANS

A rapid-growing annual climber, bearing sprays of brilliant scarlet pea-shaped blossoms. Used either as a snap or shell bean for eating as well as being desirable for ornamental purposes. Pkt., 10c.

BALLOON VINE

A rapid-growing plant; succeeds best in light soil and warm situation; flowers white. Half-hardy annual. 5 to 15 feet. Pkt., 5c.

BALSAM APPLE

Very vigorous climbing vines, with ornamental foliage; fruit golden yellow, and when ripe open, showing the seeds, and also its brilliant carmine interior; fine for trellises, rockwork, stumps, etc. Pkt., 10c; oz., 50c.

CYPRESS VINE

One of our most popular vines, with very delicate fern-like foliage, and masses of beautiful, small star-shaped flowers. Mixed white and crimson. Pkt., 10c; oz., 35c.
Red.—A beautiful shade of red. Pkt., 10c.
White.—A beautiful white. Pkt., 10c.

CARDINAL CLICBER

The finest new annual climber introduced in many years. Bespangled with clusters of fiery scarlet, tubular, spear-shaped flowers, measuring ¼ inches across. Pkt., 10c.
Giant Double Zinnia

Zinnias, Dahlia Flowered

DIRECT FROM THE ORIGINATORS

As its name indicates the DAHLIA FLOWERING ZINNIA resembles the Dahlia, flowers often measuring 6 to 12 inches, very hardy, being adapted to our climate. These may be had in separate colors or in mixed packages. There are NONE BETTER to be had anywhere.

We offer all varieties as follows: Small pkt., 50c; large size, pkt., $1.00, postpaid.

- Exquisite.—Light rose, center deep rose.
- Old Rose.—Old Rose shade.
- Golden State.—Yellow, changing to orange.
- Crimson Monarch.—Largest and best of the red shades.
- Meteor.—Rich glowing deep dark red.
- Dream.—Fine deep lavender changing to purple.
- Polar Bear.—Best large, pure white.
- Buttercup.—Immense deep creamy-yellow.
- Canary Bird.—Delicate shade of primrose.
- Special Mixture.—A well blended mixture containing all of the above novelties.

EVERGREEN SPECIMENS FOR YOUR ENTRANCE OR DRIVE, PAGE 9
SUNKEN GARDEN BY LANG'S LANDSCAPE DEPARTMENT

Gruss an Teplitz and Baby Rambler Roses, two of the most serviceable roses grown, blooming from early spring until winter, are planted around the pool shown above. In the rear you will note Thousand Beauty Climbing Rose planted on arbor. The price of the two bush roses are 50c each; the climber, 75c each.

Sunken Gardens

The above is but one of the many sunken garden effects we build. It shows but little outside of the Roses with small fountain in the center, with the lilies in the pool. There is a background of hardy perennials such as Delphinium, Larkspur, Poppy, Shasta Daisies, Coreopsis, Hollyhocks, Gaillardias, Pinks and a great many bulbs. There are Tuberose, Gladioli and Hardy Lillies all listed in this booklet under plants or seed.

In our Artcrete Department we handle many beautiful fountains and ornaments for sunken gardens, also benches, gazing globes, sundials and various urns.

Our Artcrete Department of Garden Furniture

Our garden furniture department works in conjunction with the Landscape Department and contains the finest and highest grade furniture to be found. This furniture is made in Philadelphia and is copied after antique patterns. It consists of bird-baths, gazing globes, fountains, urns, benches, sundials etc., which are all illustrated in our special catalog which may be obtained by addressing Lang’s Artcrete Department, 1214 Main St., Dallas. It will not crack like cement and is as permanent and holds its fine detail as long as real marble or granite. It may be had in either the granite or marble effect. See page 26.

"ARTCRETE" is a superior furniture for Garden and Interior decoration, molded from crushed white marble, or granite and cement. It resists time and weather like natural stone at much less cost. It is made of the same material throughout, and is not surfaced, and should not be confused with cement or pottery. Specify whether white marble or grey granite is desired.

Write for large illustrated folder.

WHY SHOULD I PLANT LANG QUALITY FLOWERS?

There are many reasons and we will only state a few.
1st. We have been in business 28 years and know what will grow best in our climate.
2nd. We grow over one million plants for the garden, orchard and yard that are best adapted to our Southland.
3rd. We have 87 Greenhouses, over 375,000 square feet of glass, to grow flowers for all occasions, plants for the house, yard and conservatory.
4th. We employ over 100 trained people to attend to your wants.

LET US PROVE WE ARE THE BEST.

Roses
THE QUEEN OF YARD FLOWERS

Brief Cultural Notes.

To grow Roses for success and pleasure, location of rose bed, soil, planting time and pruning are important factors.

A light, sunny location, so there may be a free circulation of air and possibility to shine for at least half or more of the day, is most important.

Any properly drained, moderately-heavy to heavy soil spaded to a depth of 14 to 18 inches with a liberal application of well rotted decay manure or bone meal should produce excellent results.

In the Southern States where severe freezes are infrequent, late fall and early winter plantings of both pot grown and field grown rose plants are considered desirable, although not imperative. Very good results are usually obtained from plantings made during the early spring months, February and early March.

Pruning is for improving the productive power and the appearance of the plant. Remove all dead, weak, over-crowded or otherwise useless shoots by cutting them clear away to the base of the plant or to their starting point on the older shoots. After this thinning-out process, cut the remaining stems back about one-third to one-half, being careful to have the stems appear as regularly arranged and the plant as well balanced as possible. About two weeks before the foliage begins to come forth or about the first fifteenth of February is considered about the proper time to prune.

Mildew and Black-spot are the two most common and destructive diseases of the Rose. Both cause most trouble during the early spring and fall and this can be traced to the variable weather conditions prevailing during these seasons. Neither disease is curable, but both are to a large extent controllable by the diligent and persistent applications of fungicides, such as Bordeaux Mixture, Scalecid, Sulfocide, Lime, Sulphur, etc. If you will address Lang's Nursery Department, and give us some idea of your Rose troubles we will gladly prescribe the proper treatment.

FIELD GROWN ROSES can not be had after March 15th. Time to plant all Field Roses, Shrubs and Trees: November 20th to March 1st. Small Pot Roses can not be had before January 1st. Time to plant: January 1st to May 1st. Roses under this list: 75c each, $7.50 per dozen; one-year-old, out of 2½—3 inch pots, 25c each; $2.50 per dozen.

YELLOW SHADES

AMELIA GUDÉ.—A medium size Rose which blooms freely. The buds are long and pointed and as yellow as Mrs. Aaron Ward. "The open flowers resemble Sunburst. A great improvement over either Rose in productivity. Easily as well as either a bud or open flower this Rose is charmingly beautiful.

ANTOINE RIVOIRE.—A handsome rose with large, full Camelia-shaped flowers. Color ronzy-flesh on a yellow ground, shaded with a border of carmine.

LADY HILLINGDON.—At the Detroit Rose Show, this was awarded the sweepstakes over all yellow roses. It has long yellowish stems; the buds are held upright; has a long slender pointed bud of brilliant deep yellow-golden. Awarded gold medal.

LUXEMBURG.—A deep copper-yellow, shaded with coral; petals thick and feathery. See full color illustration on page 28. No pot size.

MRS. AARON WARD.—One of the most delightful roses of recent years in a color that catches the eye at once. Coppery orange in the open bud, golden-orange when partly developed, pinkish-fawn of lovely shade when fully open, when it looks like a full fluffy silk rosette.

SUNBURST.—Best yellow to date, full long bud and double, free bloomer.

PINK SHADES

AMERICA.—Has created quite a sensation as a winter cut flower during the past two seasons and has proven equally desirable as a garden Rose. A strong, vigorous grower and very free-flowering; in color a glowing rose-pink with long pointed buds which develop into large, artistically formed double flowers.

CRUSADER.—Blackish-crimson, strong-growing variety, robust and rugged in every characteristic. The growth is heavy and the flower stems are strong and heavy. It is free-growing and free-flowering, and the blooms are truly characteristic of the variety—big and double, and, in color, a rich, velvety crimson. These large, heavily petalled blooms open freely and are amply supported by the strongly-necked, heavy flower growths.

EDWARD MAWLEY.—A splendid hybrid tea rose with immense buds and mammot fully developed flowers. Color rich dark velvety crimson. In our opinion one of the best red roses grown.

ETOILE DE FRANCE.—It is a strong, vigorous grower with good dark foliage and its large flowers which are full and double and of beautiful form both in the buds as well as full bloom; flowers are borne on strong upright shoots in the greatest profusion. In color it is distinct from all Roses of its class, being of a rich, velvety crimson.

COLUMBIA.—It is a big Rose, the open flower measuring six inches across. The color is a true pink, deepening as it opens to glowing-pink. A peculiarity of the variety is that the shades all become more intense until the full maturity of the open flower is reached and this color is enduring; a great Rose.

JONKHEER J. L. MÖCK.—This grand rose is the strongest growing in the Hybrid Tea class. The blooms, which are produced with the greatest freedom, are carried on stiff and erect stems and are one of the largest and most perfect formation and highly perfumed. Color clear imperial-pink; a glorious flower. Awarded two gold medals, one silver medal and five first prizes in Europe. We can strongly recommend this sterling novelty as a most valuable addition.

LOS ANGELES.—Originator’s description: "Los Angeles is, by all odds, one of the finest roses ever introduced. The growth is very vigorous, and produces a continuous succession of long-stemmed flowers of a luminous flame-pink toned with coral and shaded with translucent gold at the base of the petals. The buds are long and pointed and expand into a flower of mammot proportions, while the beauty of form and ever-increasing wealth of color is maintained from the incipient bud until the last petal drops. Pot roses. 35c.

MRS. CHARLES RUSSELL.—This wonderful new American rose has taken the prize in the Sweepstakes. No other rose except "American Beauty" can compete with it when it comes to counting points. Stems three feet long, still and surrounded by grand rose-pink blooms of the largest size and build.

SALMON SHADES

ARTHUR GOODWIN.—A superb Rose. In color rich orange with tinting of salmon. A unique and beautiful color.

MME. EDWARD HERRIOTT.—The bud is long, slender and pointed; the color is like sunshine on a copper red metal. A wonderful color combination.

OPHELIA.—Described by the introducers as the most beautiful Rose of the century. The color is salmon-flesh, shaded with rose. The blooms are carried on stiff good stiff stems and are well shaped. It is strongly and delicately perfumed. The habit of growth is bushy and free-growing and the variety produces blooms freely.

RED AND CRIMSON SHADES

AMERICAN BEAUTY.—This first of all on the list is without doubt the American Beauty, the largest and best, the healthiest grower, the finest flower and the most fragrant of Roses. We have alone thousands of this one kind, as there is such a demand for them that we always sold out before the season was over. Our stock consists of five-year-old plants.

In color, a wonder. A big, strong, vigorous grower with good dark foliage and its large flowers which are full and double and of beautiful form both in the buds as well as full bloom; flowers are borne on strong upright shoots in the greatest profusion. In color it is distinct from all Roses of its class, being of a rich, velvety crimson.

GARDEN FURNITURE, SEE ILLUSTRATIONS ON PAGES 11 AND 27
Roses—Continued

FRANCIS SCOTT KEY.—"The rose for every garden of every American home." Named in honor of the writer of the "Star-Spangled Banner." This splendid rose produces intensely large, gran scarlet-crimson blooms on strong shoots of sturdy erect growth, embellished with a foliage of the deepest green.

GENERAL McARTHUR.—One of the very best red bedding roses. General McArthur is as fragrant as a rose can be; has good sized flowers and blooms continuously. The bud, when first opened, is the brightest crimson-scarlet, and the flower-set is so perfect coloring until it drops its petals. Blooms continuously and gives fine stems for cutting. Its habit of growth is remarkably good, making strong, shapely plants that may be depended on for large flower shows.

HADLEY.—In color it is a deep velvety crimson, retaining its brilliancy at all seasons of the year. The variety is double and buds are well formed. The fragrance is excelled only by American Beauty. It is strong, rapid grower and the flowers are borne on long, stiff stems.

HOOSIER BEAUTY.—A grand new Rose and one that will have many admirers. The flowers are a glowing crimson, with darker shadings which make its beauty indescribable. It is very fragrant and the flowers are produced on long, strong, stiff stems. The flowers have a texture like velvet. This Rose is very free-flowering. The bush is remarkably vigorous and sturdy in growth.

Standard Roses

All Roses under this heading are for extra select plants, 2 and 3-year-old, 50c each; $5.00 per dozen. Pot Grown, 15c each, $1.50 per dozen. If by parcel post, add 25c per dozen for large roots and 15c per dozen for pot roses.

WHITE SHADES

KAISERIN AUGUSTA VICTORIA (A Hybrid Tea Rose).—Soft, pearly-white, lightly tinted with lemon in the center, remarkably fragrant; a strong, healthy grower, with beautiful foliage. The flowers are borne in clusters. This is the best Rose for outdoor planting, as it gives more flowers than any we ever knew. See page 28 for full color illustration.

WHITE KILLARNEY.—The same in shape and form as Pink Killarney, only a pure white; buds long and pointed; petals very large, making a very large rose when open; a free bloomer and strong, healthy grower.

WHITE LA FRANCE.—Pearly-white, shading to rose; like La France in other characteristics.

WHITE MAMAN COCHET.—A pure white, hardy, ever-blooming Rose and one of the most valuable in the entire list. For size, hardness, vigor, profusion of blooms, it is unsurpassed. A superb summer Rose for cut flowers.

PINK SHADES

BRIDESMAID.—Another Rose of American origin, a "sport" from C. Mermet, and possessing all the good qualities of the parent variety. It surpasses it in color, being a deep brilliant pink and constant bloomer under all conditions.

MADAME CAROLINE TESTOUT.—Clear bright satin-pink; flowers very large and extremely showy.

PINK KILLARNEY.—The color is an exquisite shade of deep shell pink. It is free in growth, and heavy shoots which are crowned with buds.

PINK LA FRANCE.—The flowers are very large, double, delightfully fragrant, light silvery-pink; blooms continuously throughout the season and stands first among the Roses for our climate.

PINK MAMAN COCHET.—The growth is free and vigorous, very free blooming; flowers of splendid substance are a delightful shade of deep pink. The buds, long and pointed, full and firm, lasting a long time when cut.

PINK RADIANCE.—In this variety we have an absolutely distinct and magnificent Rose of the highest excellence. It is a strong, vigorous grower, of free and erect branching habit, with very large and massive dark green foliage. Flowers very large and massive, of a lovely glowing pink color, distinctly shaded to white at base of the petals. The outer petals are shell-shaped and extremely large, giving a half opened flower of great spread. This is a fine American pedigreed sort. A fine garden Rose.

WM. R. SMITH or MAIDEN BLUSH.—The soft blending of the salmon-pink and the rose-pinks and the beautiful flesh tints in this rose give a singular resemblance to the entrancing flush on a maiden's cheek. A grand garden rose.

YELLOW SHADES

ETOILE DE LYON.—One of the best and most beautiful yellow Tea Roses for general planting; may be had in bloom the entire year by proper treatment. The flowers are of good size, deep, full, very sweet-scented, rich, golden yellow.

MI-LADY.—Large, full, well-formed flowers carried on stiff, erect stems. Very fragrant and a fine keeper. Has jumped into popularity as a garden Rose. Colors carlet, slightly shaded crimson.

RED AND CRIMSON SHADES

HELEN GOULD.—A most profuse bloomer and luxuriant grower. Long beautiful buds and full double flowers of rosy carmine. Color very near the best American Beauty. Flowers borne well above the foliage. Helen Gould should be in every planting because of its hardiness, beauty and profuse blooming qualities.

LAURENT CARLE.—Color brilliant velvety carmine. A very promising variety; another Rose it will certainly pay you to try. We know it has a future.

RED RADIANCE.—A glowing crimson sport of Radiance with slight resemblance of Radiance to Rose. The magnificent qualities of the famous globular flowers of the American Beauty are retained, but the heavy canes are a sight to be long remembered. The color is dazzling crimson-scarlet.

See page 28 for full color illustration.

Hybrid Perpetual Roses

Field Roses, 75c; Pot Roses, 25c.

MADAME CHARLES WOOD.—Bright cherry-red; extremely fine blooming; a grand garden rose. This is the same rose as Dinsmore.

PAUL NEYRON.—Deep rose; flowers of immense size; indeed, many claim this to be the largest rose grown.

PINK FRAU KARL DRUSCHKI.—This is a pink, or rather a tender rose-colored form of the popular white Frau Karl Druschki, possessing nearly the exact form, large size, and remarkable free-flowering habit of its parent, but in addition to this, it is also highly perfumed, a Rose worthy of a place in every garden.

WHITE AMERICAN BEAUTY (Frau Karl Druschki).—This grant White Rose has become renowned as the very highest type of its class and the best snow-white rose ever introduced. It is an extraordinarily strong grower, and has the vigor and hardness of an oak. Its magnificent flowers are nothing less than glorious—immense in size and produced with great freedom. The color is a marvelous white, without a tinge of yellow or any other shade. A true paper-white, the standard by which all white roses are judged.

HOUSE AND YARD PLANTS, PAGES 32 TO 36
Climbing Roses

All field-grown Climbing Roses, 75c each, except where noted; Pot Roses, 25c, except where noted.

WHITE VARIETIES

CLIMBING KAISERIN AUGUSTA VICTORIA.—The first white, hardy, ever-blooming climber. The flowers are extra large, deep, double, of excellent substance and are produced on stiff, tall stems, like a forcing rose. The buds are long and pointed: the fragrance is delicious. Blooms continuously the first year.

CLIMBING WHITE MAMAN COCHET.—Here we have a climbing form that will become as popular a climber as its parent has as a bush rose. Grand, huge white flowers tinged pink.

SILVER MOON.—Different from all other roses. Flowers very large, single, four and a half inches in diameter. Pure white in color. Petals of great substance, beautifully cupped. The large bunch of yellow stamens in the center adds to its attractiveness. The flowers are borne on long stems 12 to 18 inches long and are delicately perfumed. The plant is a strong grower, with large, glossy, green foliage.

RED VARIETIES

CLIMBING GRUSS AN TEPLITZ.—A climbing form of Gruss an Teplitz. Unquestionably one of the finest climbing roses ever introduced. The color when first opening is very dark red crimson, quickly changing to bright scarlet, shading to velvety herry red. The flowers are very showy and handsome. Remarkably healthy and vigorous; almost immune from all diseases.

PAUL'S SCARLET CLIMBER.—Brilliant vivid scarlet; color maintained without burning or bleaching until the petals fall. Flowers medium semi-double, produced in clusters, and covers bush from top to bottom. This is without question the most important addition to our climbing roses.

CLIMBING AMERICAN BEAUTY.—A seedling from American Beauty with Wichuriana and Tea blood in its veins. Same color, size and fragrance as American Beauty, with the addition of the climbing habit; good foliage and better blooming qualities. One plant of this new rose will produce twenty times as many flowers in June as the old American Beauty, besides blooming occasionally during the summer; blooms 3 to 4 inches across; has proved perfectly hardy and stands heat and drought as well as any rose in our collection. Large plants, 75c each.

PINK VARIETIES

AMERICAN PILLAR.—Magnificent climber, dark foliage held well into the winter months, making this splendid rose almost an evergreen. Flowers large, single, rich rose-pink, with glint of white at center.

TAUSENDSCHOEN, or THOUSAND BEAUTY.—A climbing rose that comes to us from Germany. The flowers upon first opening are the most delicately shaded rose ever seen in a rose-garden; might be described as a white delicately flushed pink changing to rosy-carmine. It gets its name from its many flowers and the variation in coloring; beautiful, and very popular.

CLIMBING MME. CAROLINE TESTOUT.—A climbing form of Mme. Caroline Testout, with the same silvery pink color to be noted in the mother plant. Remarkable grower, the plants being smothered with perfect buds and open flowers.

YELLOW VARIETIES

MARECHAL NEIL.—The immense size, dark, golden-yellow color of Marethal Neil is familiar to all. Peerless in color, exceled for size, perfect in form, after more than a quarter of a century it still remains the ideal climbing tea rose. Large fine plants, $1.00 each; Pot Roses, 25c each.

The Polyantha Roses

A type of Rose which is very popular for bedding purposes. They form shapely, compact, bushy specimens, about 18 inches high, producing in great profusion from early spring until severe frost. Immense trusses of small flowers. Field Roses, 75c each; Pot Roses, 25c each.

BABY DOLL or TIP TOP.—Brilliant golden-yellow, tipped with clear, bright cerise; lovely miniature "Sweetheart" buds and blooms of perfect form. Borne singly, in erect panicles; foliage very handsome.

BABY DOROTHY, PINK BABY RAMbler.—A prolific producer of pure pink flowers. This rose has all the good qualities of the Crimson Rambler.

BABY TAUSENDSCHOEN.—Its flowers are large and so much like "Tausendschoen." It is a bush form of the "Climbing Tausendschoen" or "Thousand Beauties," having all the charms in the variable coloring in its flowers that its parent has.

CECIL BRUNNER.—The most beautiful of all Polyantha: Baby Roses. Color bright salmon pink.

ORLEANS (an Improved Baby Rambler).—The color is irresistible, being deep cerise or cerise pink, with distinct showy centers of pure white. This Rose has taken Europe by storm.

Climbing Vines

BOSTON IVY (Ampelopsis Veitchii).—Vigorous creeper, desirable on walls, stumps, fences, etc. 50c and $1.00 each.

CLEMATIS HENRII.—Graceful, with large white flowers. 75c and $1.00 each.

CLEMATIS PANICULATA.—Hardy climber. White, fragrant, star-shaped flowers. 2-year-old plants, 50c each.

CLEMATIS JACKMANI.—Very free-flowering and one of the most popular. Flowers large, of an intense violet-purple. 2-year-old plants, $1.00 each.

ENGLISH IVY.—One of the few evergreens. Clings to any tree or wall, brick or wood. Small plants, 15c each; large plants, 50c and $1.00 each.

HONEY Suckle (Hail's Japan).—Flowers pure white, changing to yellow; very fragrant; nearly evergreen; hardy and valuable. 50c.

HONEY Suckle (Scarlet Trumpet).—Hardy and vigorous. 50c.

QUEEN'S WREATH (Beauty Vine) (Mountain Rose).—A lovely climber from Central Mexico with beautiful rose-colored flowers in racemes two feet long. The profusion of blooms is such as to give the resemblance of roses at a distance, hence the Mexican name, "Rosa de Montaña." Described by its discoverer as the most beautiful climber he has ever beheld. This is a very hardy with protection. The vines are killed to the ground by frost, but it quickly shoots up in the spring, and develops its flowers from June till frost. 50c each. Large heavy roots, $1.00 each.

WISTARIA (Purple).—A large, strong grower, with long racemes of purple flowers. 50c each. Large plants, $1.00 each.

WISTARIA (White).—A large, strong grower, with long racemes of white flowers. 50c each.

KUDZU VINE.—Fastest growing vine known, grows 50 to 75 feet. Large dark green leaves; it bears small racemes of rose-purple pansies. Satisfactory for growing over the close of autumn. A splendid subject for permanently covering verandas, dead trees, etc. 50c and 75c each.

HYACINTHS, NARCISSUS, TULIPS and OTHER BULBS, PAGES 2 AND 3
House and Yard Plants

BEGONIA GRATCILIS LUMINOSA.—Foliate resembles a little that grand old variety, Vernon. Rich, glossy green, often shaded deep bronze. The flowers, when first opening, are of bright cherry, changing to a clear coral-red. 15c and 25c each.

PRESIDENT CARNOT.—A remarkably strong-growing variety of stiff, upright habit, somewhat in style of Begonia Rubra, but much larger in flower and leaf. Flowers beautiful coral red in large pendant panicles. 15c and 25c each.

ALBA PICTA.—(See cut.) Very ornamental; has long, ear-shaped, medium-sized leaves of darkest green, with silvery spots. 15c and 25c each.

RUBRA.—Dark, glossy green leaves; free-flowering; flowers rich coral red in large pendant panicles. One of the best. 15c and 25c each.

ARGENTA GUTTATA.—Has the silvery-leaf blotches of Alba Picta with the form and beauty of Rubra; purple-bronze leaves, oblong with silvery markings; flowers white on the tips of the stems. 15c and 25c each.

MRS. PATTON.—Very handsome, winter flowering. 25c and 50c each.

ARTILLERY PLANT.—A pretty little plant of drooping habit, resembling the Fern; it is a fine basket plant. 10c each.

ACALPHIAS—Sanderia (Chenille Plant).—One of the most striking flowering ornamental plants we have ever seen. It is of strong, free growth, with large dark green leaves, from each axil of which thick, rope-like spikes of velvety crimson flowers are gracefully suspended. 15c each. Finest yard plant grown. Ready January 1st to April 15th.

Triumphans.—Very bright, ovate-pointed leaves, light red, shaded and marbled. A fine ornamental plant for bedding or pot culture, as showy as Coleus; its colors are bright and distinct. 15c each; $1.50 per dozen.

ALTERNANTHERA.—Beautiful dwarf plants of a compact habit, growing about six inches high, and admirably adapted for edging flower beds. A plant for the hot summer places. 10c each; 50c per dozen.

Aurea Nana.—Bright golden yellow, holding its color well the entire season. 50c per dozen; $4.00 per 100.

Arumia Spectabilis.—Crimson pink and brown; the finest and brightest. 50c per dozen; $4.00 per 100. Plant outdoors after April 15.

PARLOR IVY.—A lovely and thrifty climber for the house or window; grows very quickly and makes an abundance of pretty green foliage. 10c each; 3 for 25c.

CARNATIONS.—A flower for everybody; good for any occasion; easy to raise and a flower everybody likes. 15c each; $1.50 per dozen. Large plants for winter blooming, 25c each. January 1st to April 15th.

WHITE SHADES.

White Enchantress.—Ours is the “Pure White” Western strain. We have an enormous quantity planted for cuttings which are in perfect condition.

White Perfection.—Still the most perfect in form and unsurpassed; of easy cultivation and a good producer.

PIKE SHADES.

Enchantress.—The great bread-and-butter variety of the floral world. Our cuttings are from carefully selected stock.

Mrs. C. W. Ward.—A perfect formed flower with full center; color, deep pink, several shades lighter than Lawson, deeper than Winsor, having strong, erect stems 18 to 24 inches in length. The most popular pink variety on the market.

SCARLET SHADES.

Beacon.—Still “the” standard red; probably the freest carnation in existence. Our stock is in magnificent condition, without a sign of weakness or deterioration.

Aviator.—A new red, surpassing many of the old varieties; very large flower; long stem.

HARDY PERENNIAL PLANTS, PAGE 7
WHITE SHADES.

White Chieftain.—A beautiful, incurved white of perfect shape.

White Frick.—A large incurved variety of a medium long stem; flowers about mid-season and greatly admired by all lovers of Mums.

Chrysola. “Mum.”

CHRYSTANHEMUMS.—Should be planted April 1st till June 1st. Planted during this period they will produce good stocky plants with good quality flowers.

Dig the ground deep; put in quantities of manure. The Chrysanthemum is a heavy feeder; if fed well the flowers will be large and the plants strong.

DISBUDDING.—When your plant is eight inches high cut back to a height of six inches. Allow four shoots to grow from this main trunk. When these four shoots are four inches high, pinch out the terminal bud and save three or four branches that will spring from each of these limbs. Allow these last branches to attain a height of nine inches, then pinch back for the last time. Allow one bud (flower) to each stem, and that a terminal bud. Follow these directions carefully for best results.

Price.—15c each; $1.50 per dozen.

BRONZE SHADES.

Chrysola. “Mum.”

Glenview.—This large Japanese variety is of a dark bronze color, lining off almost shading to a little of the Indian Red color. Strong grower and good bloomer.

YELLOW SHADES.

Golden Wedding.—Nothing finer among yellows; shines like burnished gold; the standard for measuring color; 4½ feet. Mid-season to late.

GLENVIEW.

Major Bonnafon.—This splendid, yellow commercial is still grown in large quantities; our stock is in perfect health. 3 feet. Mid-season.

Bougainvillea (Sanderiana).—Most desirable plant for conservatory or window garden. They are of strong, rapid growth and produce their lovely, brilliant, rose color flowers from early in March until mid-summer. With extra care and attention they will bloom the greater part of the year. 25c each; large plants 50c and $1.00 each.

Caladiums (Fancy Leaved Caladium).—Dry bulbs in February and March. Plants in April and May.

CYPRESS ALTERNIFOLIUS (UMBRELLA PLANT).—A grass-like plant, throwing up stems to the height of about 2 feet, surmounted at the top by a cluster or a whorl of leaves, diverging horizontally, giving the plant a very curious appearance. A splendid plant for the center of baskets, vases or porch boxes, or as an aquarium plant. 25c each; and 50c each.

FICUS ELASTICA (Rubber Tree).—Nothing better for table or house decoration. Its dark green shiny foliage is always handsome, and its constitution is such that it is able to stand the extreme heat and dryness of the ordinary dwelling house without injury. Nice large plants, by express, 75c, $1.00 and $2.00 each.

CROTONS.—A very handsome foliage plant, stands the sun better than any plant we know; is more ornamental than palm or fern, as it is always bright and pretty; either in pot or yard. Try one. 35c, 50c, $1.00 and $2.00 each.

THOSE FRUIT TREES YOU HAVE BEEN WANTING TO PLANT, PAGES 4 AND 5
FERNS.—Ferns of all varieties to be had the year round. The small plants only can go by road, but all should go by express; it gives you better and larger plants.

Nephrolepis Bostoniensis (See cut). (Boston Fern.)—The popularity that this plant has gained in the short time since introduction is simply marvelous. It is one of the finest decorative plants ever introduced. Grows rapidly under all conditions, and its inexpensiveness places it within the reach of everyone. Often called “Fountain Fern” on account of its gracefully drooping habit. Fully matured fronds often attain a length of four feet. Large plants by express, 25c, 50c and $1.00.

Plumed Scotti Fern (Nephrolepis Scholzii).—The ideal plumed Fern, holding the same position to all other plumed varieties that Scotti holds to the old Boston. It is a sport from Scotti, possessing all of the merits of that most popular variety, but with the pinnae subdivided, giving it an air, feathery appearance. Nicely shaped plants, large size, 50c, 75c and $1.00 each.

Adiantum Cuneatum (Maidenhair Fern).—Very popular; the most graceful and useful in cut-flower work. 25c and 50c each.

Neph. Whithmani.—The finest all-cut leaves of the Nephrolepis variety to date. Plants rare and costly, but they are so rare and dainty that you will not regret having bought at least a small plant. 25c, 50c and $1.00 each.

Nephrolepis Cordata Compacta.—A dwarf, compact growing form of Sword Fern. Making sharply pointed plants 2 feet high when fully matured. Its deep green fronds have just enough arch to make them graceful. 25c, 50c and $1.00 each.

PANSIES.—As we have given this plant special selection and cultivation, the stock offered can be relied on as giving the best from foreign and domestic collections. It combines with the flowers of the largest and finest form the most exquisite gradations of color. Large plants in bloom, 10c each, $1.00 per dozen, $6.00 per 100; planting size, 50c per dozen, $3.00 per hundred. Ready from November 15th to April 15th.

PALMS.—All Palms in pots 4-inch or over should come by express at purchaser’s expense; if wanted by parcel post please add 15 per cent of the cost of plants.

We are making a specialty of Palms and have one of the largest and best stocks of them to be found anywhere.

The Kentias are recommended as being the hardiest and best for house culture, as dust and gas does not affect them as much as many other Palms. Where height of plant is given it means height from top of pot.

All palms may be had the year round, nice plants, 50c each; large plants, 18 to 20 inches high, $1.50 to $3.00. Phoenix Canarensis.—The most satisfactory palm for house, porch or lawn. Grows to be very large. 50c, $1.00, $2.50, $3.50 and $5.00.

Latania Borneonica—Fan Palm.—A beautiful palm, with large, deeply divided fan-shaped leaves; it is easy of cultivation and should be in every collection.

Kentia Fosteriana.—Much like Balmoralea, except that it grows taller, with larger, heavier foliage. Same price as Kentia Balmoralea, only taller.

Phoenix Roebelenii.—The most graceful of the Phoenix, and a Palm which has become one of the most popular for room decoration. The plant is of vigorous growth, and its gracefully recurving leaves with very narrow dark green pinnae, give it a lightness and airiness not surpassed.

POINSETTIA.—The Christmas plant, unequaled for pot plant; hardy in the southern states. The plant grows to a height of 3 to 5 feet and makes an handsome head of bright red leaves which is the flower and makes it the show flower for Christmas decorations. Flowers will last four to eight weeks. Large plants 50c, nice plants, 25c. Spring delivery only.

BOSTON AND OTHER FERNS

No. 1. Asparagus Sprengeri.—15c, 25c, 50c and $1.00 each.

No. 2. Boston Fern.—15c, 25c, 50c, $1.00, $2.00, $3.00 and $4.00 each.

No. 3. Ostrich Plume Fern (Whitmani).—15c, 25c, 50c, $1.00 and $2.00 each.

No. 4. Compacta.—25c, 50c and $1.00 each.

No. 5. Scotti.—Dwarf Boston type. 25c, 50c, $1.00 and $2.00 each.

No. 6. Asparagus Plumosa.—15c, 25c, 50c and $1.00 each. Adiantum Cunatetum (Maiden Hair).—25c and 50c each.

Roosevelt Fern.—The grandest Fern of its class yet introduced. It resembles the world-famous Boston Fern, but produces twice as many wide, drooping fronds, and the pinnae are beautifully undulated, giving a pronounced wavy effect seen in no other variety. It has sprung into wonderful popularity, and when better known will be wanted by everyone. 25c, 50c and $1.00 each.

“Teddy Junior.”—It is a sport from the now famous Roosevelt Fern. The fronds have an attractive wavy appearance, which adds materially to their charming decorative effect. “Teddy” will produce about four times more fronds than any other Fern. It is a compact, vigorous grower, will thrive under most adverse conditions, making an exceptionally rapid growth and producing a plant of rare beauty and perfection without special care or attention. Finest pedestal plant produced. Fine young plants, 25c each; larger size, 50c and $1.00 each.

Asparagus Ferns

Plumesus Nanus.—A beautiful climbing plant, with bright green, graceful arched foliage, surpassing Ma den Hair Fern in grace, diversity of texture and richness of color. The fronds are 12 to 15 inches long and taper to a point from a width of 12 inches. One of the most beautiful decorative plants. Nice plants, 15c and 25c each; large size, 50c and $1.00 each.

Sprengeri.—Especially useful to grow as a pot plant for decorative purposes, for planting in ferneries or suspended in baskets. It grows freely the whole year and makes an excellent house plant. A vigorous grower, producing sprays 4 to 5 feet long of fresh green, feathery foliage. Useful for bouquets, wreaths or sprays, remaining perfect for weeks after cutting. Strong plants, 15c and 25c each; large, 50c to $1.50 each. (See cut.)

STRAWBERRIES, BLACKBERRIES AND GRAPES, PAGES 4 AND 5
GERANIUMS.—We grow over 100,000 Geranium plants showing them over many states.—No better or equal variety can be found anywhere. Try a few. Small size named varieties, 15c each, $1.50 per dozen; larger size, 25c, 35c each, $2.50 and $3.50 per dozen. Unnamed varieties 10c each, $1.00 per dozen; larger plants, 25c each, $2.50 per dozen.

DOUBLE

S. A. Nutt.—The very best of the dark crimson scarlet bedders. We have a very large stock of it. Stands the sun perfectly, and is always a mass of bloom.

Ruby.—Seeding of S. A. Nutt and Pamela. Beautiful semi-double clusters on long stems. Both florets and clusters are much larger than S. A. Nutt. Color dark currant red suffused with violet. We consider this the best dark red we grow and think when it is better known it will supersede Alphonse Ricard.

Alphonse Ricard.—Large, semi-double flowers, often measuring two inches in diameter, borne in enormous trusses, on long flower stems. Continues in bloom the entire season.

LANTANAS ARE THE BEDDING PLANTS FOR THE SOUTHWEST.

LANTANAS.—This splendid bedding plant is increasing in popularity because of its splendid blooming habit and remarkable drought resisting qualities. Plant them April 1st to August 1st. They are in bloom all summer and with a little covering of straw over the roots during the winter they usually come up the following spring. Price, 10c each, $1.00 per dozen. By mail, 15c extra per dozen.

We have the following named varieties:

A. Cook.—Dwarf, orange-yellow, changing to bright rose.

Michael Schmidt.—Dwarf, Red, orange and yellow, very popular.

Radiation.—Medium height. Orange-yellow, changing to brilliant red. A good bloomer.

Violet King.—Very short height. Opens yellow and gold, changing to an intense purplish red.

Jacob Schultz.—Tall. Yellow-orange, turning to an intense red.

LANTANAS—WEEPING.—A grand plant for baskets and vases. May be used to good advantage in connection with other plants, it being more effective when used alone where its bright and colorful bloom forms a perfect mound of flowers. A fine plant for winter in the house pots or small hanging baskets. Flowers delicate rose lilac, borne freely all over the plant from the base of each leaf stalk. 10c each, 3 for 25c. Ready November 15th to June 1st.

LEMON—PONDOROSA.—One of the best selling plants; grows rapidly and forms nice, bushy plants; blooms and bears fruit freely at the same time. Nice plants, 25c; large plants, 50c, 75c and $1.00. Plants on sale the year round. By express only, 5c each will do. Large sizes can be shipped by mail.

MINT PLANTS.—A few plants will supply your requirements for this often needed herb for years to come, as it comes up every year. Good plants, 10c each, $1.00 per dozen.

MOON FLOWER VINES.—Ready to sell March 1st to May 15th.

White.—So called from its rare peculiarity of blooming best at night. It not only adds its flowers on dull days. They are pure white, 5 or 6 inches across, emitting a rich Jasmine-like perfume each night.

Blue.—Intense violet blue, with reddish purple rays, 6 inches across. It blooms in the morning and on cloudy days. 10c each.

OLEANDER.—The plants of the South almost hardy in the northern parts of Texas. Grows to a height of 10 feet; a beautiful pot or tub plant for lawn; blooms nearly all season; very decorative.

Colors—white, salmon, pink. Can be clipped by mail. Nice plants, 25c each; large plants, 50c and $1.00 each.

OTOHAITE ORANGE.—The best orange for pot culture. Plants dwarf and symmetrical in form. Flowers freely with a delightful orange fragrance. Fruit Ell follicles about half the size of ordinary oranges. A grand plant for winter culture; scarcely ever without some display of blossoms or fruit. Nice plants, 25c; larger plants, 50c, 75c and $1.00 each. Ready to sell the year round.

HIBISCUS.—Stands our hot, dry summers to perfection. 15c each; $1.50 per dozen. Large plants, 25c and 50c. If wanted by mail, add 15c per dozen to above prices.

Peachblow.—One of the finest plant novelties of recent years. Flowers double, of a rich shade of clear pink, with small, deep crimson center; an entirely new variety.

Gardenia.—Grown for its foliage, blooming profusely during the summer, literally covering the plant with scarlet crimson flowers.

Rubra.—Flowers enormous, double, clear red, tinted with violet; an unusually fine bloomer. Plant outdoors after frost is over. Ready February 1st to May 1st.

See the Sunken Garden in Full Colors, Page 27.
PRIMULA OBCONICA.—A favorite pot plant for house and conservatory culture on account of its wonderful blooming qualities, flowering nearly all the year through. 50c each. Ready for sale October 15th to March 15th only. If by mail, add 5c extra.

SAGE PLANTS.—Have fresh and dried sage when you need it; greatly used for seasoning sausage, dressings, etc. Strong, 25c each.

SALVIA (Salvia Splendens).—The well-known Scarlet Sage. Another splendid flowering plant, with its plumes of dazzling scarlet flowers. Each, 10c; 75c per dozen; 8c per dozen for postage.

Dwarf Ever-Blooming Salvia Zurich.—A fine scarlet; very dwarf; an ever-bloomer. 10c each, 75c per dozen. Postage 8c per dozen.

VINCA MAJOR VARIEGATA.—Pleasant and refreshing. This is a beautiful variegated trailing vine admirably adapted for hanging baskets and vases. The leaves are a glossy green, broadly margined a creamy-white, flowers blue. More Vincas are employed in vase and basket work than all other vines combined. 10c each, 3 for 25c, $1.00 per dozen.

VIOLETS—TEXAS.—The Texas violet is of a darker purple than the California, not quite as long stems, but by far a better bloomer and withstands the hot, dry summer better than any violet we have ever grown. Large plants, 10c each; 75c per dozen. Ready for sale or planting November 15th to April 15th. If wanted by mail, add 10c per dozen.

HYDRANGEA OTASKA.—A Japanese variety producing immense heads of pink flowers. This is the variety so extensively used for Easter decorations. Plants, 25c, 75c and $1.00. On sale November 15th to May 1st. By mail, 5c extra for small plants; add 10c extra for large plants.

PERIWINKLE OR VINCAS.—This is a most pleasing and attractive shrub plant, blooming the entire summer season, forming a handsome shrub two feet in height and diameter. Color, rose, white and white with crimson center. 10c each; 75c per dozen.

HELIOTROPES.—All fine sorts, fragrant, blue, lavender and white, at 10c each; $1.00 per dozen. Ready to sell December 1st to May 1st. If wanted by mail, add 15c per dozen.

VERBENAS.—One of our specialties. This list we offer can not be excelled. No garden is complete without a collection of Verbena. Red, pink, purple, white. Don’t fail to order some Verbena, 10c each, 75c per dozen. Ready February 1st to May 15th. By mail, add 10c per dozen.

Beauty of Oxford.—Extra large vigorous grower, cerise-pink. A real knockout. 15c each, $1.50 per dozen. By mail, 10c per dozen extra.

VERBENA—LEMON.—Or Sweet Verbena, is a favorite on account of its lemon-scented foliage and lilac-scented flowers. Each 15c and 25c. Ready to sell December 1st to May 1st; 3c extra for postage.

Bouquets for the Bride and Her Attendants

VARIOUS BOUQUETS FOR A BRIDAL PARTY
